

Moscow Admits Loss of Zhitomir

LONDON (AP)—Moscow tonight announced the evacuation of the western Ukraine highway and rail junction of Zhitomir, which they had won from the Germans only last Saturday.

The evacuation of Zhitomir, announced in a broadcast recorded by the Soviet monitor here, followed launching of a strong German counterattack east of the city early this week.

This German drive already had overrun several populated places in the Zhitomir-Korosten area. Both Berlin and Moscow had indicated the German movement was local and primarily defensive, aimed at better protecting the large German armies to the south which would have been imperilled by any Russian advance southward or southwestward from Zhitomir.

No Nurses Lost

OTTAWA (CP)—Defence headquarters announced this afternoon that "there have been no Canadian casualties in connection with the reported sinking of a vessel by enemy action in the Mediterranean recently."

A report had been published "that a number of Canadian nurses had been aboard a vessel reported sunk by aerial torpedoing and bombing."

Carriers Join Raid On Gilberts

PEARL HARBOR, T.H. (AP)—Admiral Chester W. Nimitz announced today that carrier-borne planes had joined army Liberators in the week-long series of raids against Japanese bases in the Marshall and Gilbert Islands of the Mid-Pacific.

Hunt Wolf Pack

THE PAS, Man. (CP)—Trappers are on the alert for a wolf pack running in the Moose Lake area, north of here. During the past few days the pack has robbed traps, killed two sled dogs, and is menacing big game in the lake district.

New Soviet Plane

MOSCOW (AP)—The army newspaper Red Star announced today that Alexander Yakovlev, builder of the Soviet air force's best fighter, the Yak, has developed a new plane, surpassing all other Russian types.

Duce Retires Again

AT THE SWISS-ITALIAN FRONTIER (AP)—The newspaper Corriere del Ticino at Lugano, Switzerland, asserted today that Roberto Farinacci, Minister of State in Mussolini's puppet government, is about to take over leadership in German-controlled northern Italy from Mussolini.

Mussolini was reported to have retired to a villa at Lake Garda, in bad health, and fearing an attempt on his life.

Chinese Withdraw In Rice District

CHUNGKING (AP)—Japanese reinforcements are driving southward in China's central rice area but along the Salween River in the Burma border region the Chinese have scored strategic successes, an army spokesman declared today.

Maj.-Gen. C. C. Theng confirmed the loss of Lihshien and Shihshien, important Chinese communications centres.

No Control By C.I.O.

VANCOUVER (CP)—Fraser Wilson, acting president of the Vancouver Newspaper Guild, denied today the statement of D. S. Tait, president of Privateer Mines, that the British Columbia press is dominated by C.I.O. labor interests and that the Newspaper Guild "is one of the brightest inventions and major triumphs of the Communists in America."

Sir C. G. D. Roberts Ill

TORONTO (CP)—Sir Charles G. D. Roberts, 83, noted Canadian poet and author, is in Wellesley Hospital here suffering from a heart ailment. It was learned this afternoon.

Seeks Nearby Home For Sick Airmen

VANCOUVER (CP)—Robert Denman said today he is seeking two large dwellings in British Columbia for use as convalescent homes for grounded airmen.

He said he plans spending two weeks on Vancouver Island and in Vancouver area looking for

Bomber Armada Batters Berlin

Other Points Hit In Record Night Of Air Offensive

By ROBERT STURDEVANT
LONDON (AP)—Great two and four-ton blockbusters rained on Berlin and Ludwigschafen Thursday night, from the largest R.A.F. - R.C.A.F. heavy bomber force—possibly 1,000 planes—ever sent over Germany. The air ministry said that more than 350 two-ton blockbusters alone had been dumped on the Nazi capital.

Several hours later American heavy bombers sent the terrific pounding of the enemy into its third straight day, with attacks on western Germany.

The record-breaking Anglo-Canadian force of four-engined bombers is believed to have dropped 2,500 tons of bombs on the capital and the Rhineland chemical city, with a slightly larger portion of the force giving Berlin its first major raid in two months.

At least six R.C.A.F. squadrons participated—the heaviest force ever sent out by the Canadian bomber group—with two Lancaster formations blasting Berlin and four Halifax squadrons raiding Ludwigschafen.

The Canadian force was authoritatively described as much larger than that sent against Dusseldorf on the night of Nov. 3. The four-engined bombers carried the group's largest weight of bombs to date on that night, and undoubtedly Thursday night's effort created a new record. Besides Canadians manning these planes, there were also many flying in R.A.F. squadrons.

Canadian Goose and Thunderbird squadrons comprised of Lancaster bombers, thundered over Berlin without loss, while Halifaxes from the Lion, Bison, Blue-nose and Iroquois squadrons hit Ludwigschafen.

The airmen fought freezing temperatures all the way, the mercury sometimes hitting 37 below.

It was the 13th operation for Flt. Sgt. Steve Saprunoff of Trail, B.C., who went to Ludwigschafen in a Halifax bomber, skippered by Sqdn. Ldr. Eric Hockey of Kentville, N.S.

"Everything seemed to light up at once," said the Trail man, describing the run. "We saw one tremendous fire and several smaller ones develop."

B.C. Fliers in Damaged Bomber

"We were coned in the searchlight at the time and a Focke-Wulf 190 sneaked in, letting us have it at 50 yards," related Sgt. Michael Gnius of Regina, mid-upper gunner, in describing how his plane came home on three motors. He said he and the tail gunner opened fire on the attacker, but failed to observe the results.

Others in the crew of the damaged Halifax included Sgts. Will Kipp of Kamloops, B.C.; Jim Snowsall of Kelowna, B.C.; and Jack Morgan of North Vancouver.

While during one week-end in 1942 the bomber command sent out three Armadas of 1,000 bombers or more each, they were not all giant four-engined planes. Thursday night's twin, devastating blows were delivered exclusively by heavy bombers.

Losses in the twin raid were 32 aircraft, of which seven were Canadian.

Incendiary bombs and high explosives dumped on the German capital started large fires that lit up the skies, although cloud formations prevented immediate observation of the results of the first heavy raid there since Sept. 3.

The exact number of bombers participating in the tremendous dual blow was not made known, but between 700 and 800 heavy bombers participated in some of the raids that levelled Hamburg and the Air Ministry announcement said Thursday night's total topped all previous assaults.

Clearer weather prevailed over Ludwigschafen—home of the world's largest chemical works—and the second straight night assault on that industrial city resulted in large explosions.

The Air Ministry described the raid in these words:

"Last night Berlin and Ludwigschafen were targets for two heavy attacks made by the largest force of heavy bombers yet dispatched to Germany."

"A great weight of high explosives and incendiary bombs was dropped on Berlin. Clouds prevented immediate observation of results, but the sky was lit by the reflection of large, fierce fires."

Since the last raid on the city the R.A.F.'s record bombing concentration has been raised from 50 tons a minute to 74, greatly increasing the chance for an effective knockout campaign against the capital should the Allied command decide to erase that most important objective in Europe.

Thursday night's 62nd blow at Ludwigschafen, which also produces U-boat parts, tanks and other war essentials, almost certainly marks that city as being high on the Allied list of targets to be eliminated.

Ludwigschafen's twin manufacturing city of Mannheim, which lies across the Rhine, was reported to have been 80 per cent knocked out.

The great I. G. Farben Chemical Works stretches for three miles along the banks of the Rhine, and in addition to turning out explosives it is also engaged in chemical research, possibly in a study of the "secret weapons" the Nazis are seeking to turn the Allied tide of victories.

On the basis of Thursday night's attacks, two successive American daylight assaults on vital targets in Norway, and the R.A.F. smash Wednesday night at Ludwigschafen, some London quarters promptly suggested that the Allies may be opening the greatest bombing offensive ever attempted against Europe.

Since the utter devastation of Hamburg early in August, Berlin has been bombed heavily three times—Aug. 23, when the R.A.F. lost a record 58 bombers; Aug. 31, when 47 were lost, and Sept. 3, when 22 were lost.

Meanwhile, the R.A.F. and R.C.A.F. have concentrated on important industrial targets—completing 80 per cent destruction of Kassel and Mannheim, according to a neutral report from Germany this week—and on supporting the Italian campaign with raids on Germany's supply lines.

A D.N.B. broadcast from Berlin called Thursday night's R.A.F. - R.C.A.F. operation an "attempted mass attack." Some damage was acknowledged.

"British bomber formations flew over northwest Germany under unfavorable weather con-

SOGGY ITALY—A couple of reasons the going's tough in Italy are the bridgeless rivers and muddy roads encountered in the chase after the Germans. But rugged jeeps manage to conquer each obstacle with their usual facility.

Soviets Make 25 Miles in 1 Day In Drive North From Korosten

LONDON (AP)—Gen. Nikolai Vatutin's first Ukrainian Army extended its sway 25 miles further up on the Odessa-Leningrad railway in a single day by blasting the Germans from Ovruch, north of Korosten, the Moscow radio announced tonight.

The capture of Ovruch was announced in an order of the day by Marshal Joseph Stalin, recorded by the Soviet monitor.

The triumph was the result of a 13-mile advance to the northwest from Norodich in what appeared to be a sudden northward swing of Vatutin's forces to join hands with Gen. Constantin Rokossovsky, whose men took Rechitsa and moved on west toward Kalinkovichi, a junction of the Gomel-Warsaw and Odessa-Leningrad railways. Kalinkovichi is 70 miles north of Ovruch at the fringe of the Pinsk Marshes.

The Russians brought German counterattacks to a standstill on the lower flank of the great Kiev bulge in the western Ukraine. Capture of Gomel, White Russian rail centre 25 miles east of Rechitsa, appeared near. Russian armies were reported converging on the city from the north and south.

Near Riot Ensues As Crowd Protests Release of Mosley

LONDON (AP)—Police broke up a muttering crowd of war workers who marched from Charing Cross Station down to Whitehall today to protest the government's decision to release from prison Sir Oswald Mosley, prewar leader of British Fascists, and reports indicated a nationwide storm was mounting.

London bobbies also blocked the entrance to Downing Street as some 200 delegates from a suburban aircraft factory sought to gain entrance to Prime Minister Churchill's official residence. The crowd was forced to queue up in the bitter cold to wait outside the Home Office for permission to see Herbert Morrison, Home Minister.

Refused permission to see Morrison, a crowd marched up to a spot back of Trafalgar Square where speakers said they represented 40,000 war workers and drew cheers with the declaration, "If Mosley has got to die let him die on the gallows."

A mass meeting was called for Saturday in London.

REMEMBER HITLER

Speakers reminded the crowd: "Hitler once was thrown into prison but came out again to plunge the world into war. That must not happen with Mosley in England."

Four hundred undergraduates of Glasgow University, representing all student political societies, sent a telegram to the Home Office urging it to "but Mosley back."

Mosley, ailing in the prison apartment where he tends his own vegetable garden and gets special food and medical attention, has become the subject of the biggest furore yet created over his bizarre political turn-coating.

D. N. Pritt, Labor, and William Gallagher, Communist, have announced they would table a motion in the House of Commons protesting the proposed release as "insulting and disheartening to all fighting and working everywhere against Fascism."

CARTOONS, RESOLUTIONS

London newspapers in cartoons, editorials and columnists' comment today criticized the release and the executive of the powerful Transport and General Workers' Union, biggest in Britain, declared in a resolution, "there is no justification whatever for the release."

The resolution added that the people would consider freeing of the Mosleys "as an indication that the government is wavering in its adherence to the principles for which we are fighting."

The News Chronicle asked editorially, "Can he not be treated for his sickness just as well in prison as outside?"

Vienna Messerschmitt Plant

BEFORE—The picture above is an Army Air Force reconnaissance photo of huge Neustadt Messerschmitt airplane works at Vienna, taken before Allied planes plastered it with bombs.

AFTER—Almost completely obscured under the heavy pall of smoke that arises from hundreds of bombs dropped on it, the Neustadt Messerschmitt works, Vienna, is pictured while under attack by Allied planes which flew from a base near Naples, 550 miles away. Observers reported that the huge plane factory would be out of commission for a year.

3 Days Without Food Fishermen Rescued

Marooned three days without food after their fishing boat, the Agnes C, sank with all their personal belongings, six fishermen today were safe at Bella Bella awaiting transportation to their home port, Vancouver.

The Agnes C sank almost immediately after springing a plank at 9 Tuesday morning. The six men managed to launch a dinghy before their craft disappeared with all their belongings.

They landed on Price Island, in Milbank Sound.

Three of the crew then set out for Ivory Island, at the entrance to Seafarth Channel. Arriving there they made known their plight and sent word to Alert Bay.

The Thomas Crosby, mission boat, was notified and on Thursday rescued the three men left on Price Island, taking them to Ivory Island to join their crewmates. Food and hot drinks were supplied the famished fishermen.

Today a government boat took all six to a west coast port, from where they will be taken to Vancouver.

The Agnes C was registered as the property of James Parsons, Vancouver.

Rita Sheds Tears

NEW YORK (AP)—Screen actress Rita Hayworth cried all day Thursday after publication of the terms of a property settlement between herself and her former husband, Charles Judson, who received much of her personal property for agreeing among other things not to accuse her of moral turpitude.

Her reaction was revealed by her present husband, Orson Welles, who assured his teary screen star wife in the presence of interviewers that "it'll be all right, baby."

Miss Hayworth's only comment on the settlement was a brief statement prepared by her lawyer, Martin Gang, over her signature. It said: "The fact that Mr. Judson got certain property was in consideration for his waiving claims to my earnings."

"How do you think I feel?" Welles asked. "I'm only the guy that married her a couple of weeks ago. She has been crying all day. I don't want to see her pushed around. I feel like her protector."

Two such establishments for wartime convalescent homes, War Charity Fund Inc., a "private nonprofit company," of which he is secretary. Tentative plans are for one home near Victoria and another near Vancouver.

WHAT BREWS IN THE BALKANS?—Evidence of Nazi fear for the loyalty of their Balkan allies under the threat of an Allied thrust into that traditional powderkeg area is seen in the recent summons Adolf Hitler sent to Bulgaria's Prime Minister Bojiloff. In the photo, Bojiloff, centre, is welcomed by the Fuehrer at his headquarters in Germany, while Joachim von Ribbentrop, Nazi Foreign Minister, looks on.

Fort Norman Wells to Produce 3,000 Bbls. Daily, King Reports

OTTAWA (CP)—Terms of the agreement between Canada and the United States covering the Canol oil and pipeline project in the northwest which, it was disclosed, will have an output of 3,000 barrels a day, were made public today by Prime Minister King.

Exchanges of notes between the two governments provide the U.S. government is to construct the project—in the Northwest Territories, Yukon and Alaska—and own and operate it for the duration of the war.

Thereafter the properties are to be valued and the Canadian government is to have first option of purchasing the pipeline and refinery at the commercial valuation.

It is stipulated, however, that the installations are not to be dismantled by the Canadian government or any other purchaser without approval of the Canada-U.S. Defence Board.

In a progress report accompanying the official documents it was stated 26 wells had been completed in the Fort Norman, N.W.T., field under the Canol project by the Imperial Oil Co. Of these, 23 found oil. With four wells drilled prior to the Canol agreement, there now is a total of 27 producing wells.

Under the U.S. contract four wells were drilled outside the Norman field, at a considerable distance from the producing area, and three on the edges of the area.

POTENTIAL INCREASE

"It has been estimated that by July 1, 1943, enough new wells had been drilled to produce 3,000 barrels daily and potential production has considerably expanded since then," said the statement.

It is contemplated that the pipeline from Norman wells to Whitehorse (Y.T.) will be completed in January, 1944. The oil line from Skagway (Alaska) to Whitehorse is already operating.

"Work is still proceeding on the refinery at Whitehorse and it will be completed in May, 1944, according to present schedules."

COST NOT STATED

Mr. King's statement contained copies of two exchanges of notes. It was released at a press conference by Dr. Hugh Keenleyside of the External Affairs Department, who said he was unable to give any estimate of the total cost of the project or its postwar economic value.

The first formal proposal from the U.S. government came in note form June 27, 1942, and the Canadian government agreed in a note June 29, two days later.

At that time other arrangements for defense of the northwest corner of the continent were well advanced. The Canadian government had completed the chain of airfields to Alaska and work on the Alaska Highway was in progress.

The U.S. note said the government was "faced with the necessity of obtaining an increased fuel supply without delay" for the U.S. army in Canada and Alaska.

SENATORS APPREHENSIVE

WASHINGTON (CP)—United States senators, apprehensive over the postwar fate of what they claim to be a \$130,000,000 investment in northwest Canadian oil resources, will examine high-ranking American executives on the subject before the Truman Senate committee at an open hearing beginning next Monday.

Interior Secretary Harold Ickes, petroleum administrator,

What Did Mr. Winch Really Say?

VANCOUVER (CP)—Harold Winch, British Columbia C.C.F. leader, Thursday night accused Canadian newspapers of distorting his statements and claimed they had been guilty of "deliberate misrepresentation." Mr. Winch spoke at a public meeting on statements made by him in a private tour last week.

Previously, at Regina, Nov. 12, Mr. Winch had said that a question and answer regarding his party's policy on the use of police and military force in the event of a C.C.F. regime, had not been accurately reported following a Calgary meeting Nov. 9, and later in Moose Jaw he asserted "capitalist newspapers" were using underhand methods to misinterpret his words.

Mr. Winch said Thursday night he was not retracting anything he had said in the Calgary address, but "I am denying certain distortions, inferences and implications placed upon what I did say. I didn't say a thing C.C.F. leaders haven't been saying for 11 years." He claimed that what he had said was turned into a "national sensation" because it was now realized the C.C.F. was a threat to capitalism and "there is a war on" between capitalism and socialism.

Mr. Winch said he had said that "I am denying certain distortions, inferences and implications placed upon what I did say. I didn't say a thing C.C.F. leaders haven't been saying for 11 years." He claimed that what he had said was turned into a "national sensation" because it was now realized the C.C.F. was a threat to capitalism and "there is a war on" between capitalism and socialism.

SAYS WORDS LIFTED

He said newspapers in reporting his Calgary speech did not "lie in the main," but took words out of sentences and did not state that certain statements were made in reply to questions.

He said he was not abusing the press but wanted to show its power. In illustration he cited an editorial in a Vancouver paper (Province) which he said quoted him as saying a C.C.F. government would not pay any interest on stocks and bonds. What he had said, he asserted, was that in the transitional period between capitalism and socialism interest would be paid on stocks and bonds, but when socialism was completely in effect there would be no stocks or bonds and consequently no unearned money would be paid as interest. He asserted that in this instance, by the giving of only one part of his statement, a basis was formed for editorials all across Canada warning people to "steer clear."

U.S. Marines Kill 8 for 1 in Battle On Bougainville

WITH U.S. FORCES ON BOUGAINVILLE, Solomons (AP)—U.S. Marines continued to extend their beachhead lines satisfactorily on Bougainville Island, where they have killed eight Japanese for every American lost. Up to Thursday night 812 Japanese dead had been counted. Many more Japanese bodies are believed to be still concealed in the jungle, particularly around the village of Piva. Only seven Japanese have been taken prisoner. Enemy losses compared with 107 marines killed, 87 missing and 405 injured. One hundred and fifty wounded were evacuated today. U.S. forces lost their first ship in the Bougainville operation Tuesday night when six Japanese torpedo planes attacked a troop convoy bringing reinforcements and sank one small vessel with a single hit. (Tokyo radio has made daily claims of sinking U.S. ships in the area, including battleships, aircraft carriers, cruisers and destroyers. The loss of a small ship at Bougainville with "some casualties" was announced in Gen. MacArthur's Nov. 19 communiqué.)

Boy Kills Bear With Axe

PRINCE GEORGE, B.C. (CP)—Pete Sintich, 15, killed a bear with an axe while his father, Frank Sintich, shot two others when they found the animals in a den near their tie-cutting limit in the Pineview district.

Candidate Nominated

NORTH BATTLEFORD, Sask. (CP)—Alex Connors, veteran railroader, was nominated Thursday as C.C.F. candidate in the Battleford constituency in the next federal general election.

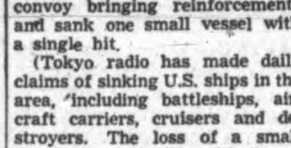

Housewives' League Quits

VANCOUVER (CP)—Housewives' League of British Columbia declared itself disbanded Thursday night at the concluding session of its sixth annual convention. Mrs. Effie Jones, league organizer, said dissolution would free its women members to take part in work in the political field, where greater results would be achieved.

U.S. Fighter Planes Back Chinese Drive

Mine Magnate Says C.I.O. Controls Press

VANCOUVER (CP)—D. S. Tait, president of Privateer Mines Ltd., said at a meeting of the Canadian Institute of Mining and Metallurgy here Thursday night that Congress of Industrial Organizations officials dominate the press in B.C.

He said he thought the answer was "that the editorial writers and reporters have been organized under the Newspaper Guild, which was one of the brightest inventions and major triumphs of the Communists in America."

of the C.C.F." because it would not pay interest on Victory Bonds.

Mr. Winch said a Calgary (Herald) editorial had attributed to him a statement that it was time for a revolt in Canada. Numerous editorials had appeared subsequently giving the impression he would lead Canada into a civil war. He contended he had said that world economy is constantly changing, and if this was not brought about peacefully by Parliament, then it would come forcibly by revolt. Capitalism would go, just as had every system that preceded it. The C.C.F. aim was to bring about this change peacefully, but if it did not come peacefully then it would come "forcibly by revolt."

PARTY'S PROGRAM

Mr. Winch stated the same Calgary paper had said he had declared the C.C.F. would institute Socialism immediately, whereas what he actually had said was that a C.C.F. government would immediately proceed with its legislative program leading toward Socialism. He argued that when newspapers interpret the word "revolution" in connection with the Beveridge report, for instance, they do so correctly, as meaning only a change, but when he used the word "it is conjured up as bloody revolution."

He went into considerable detail about the question on the use of police and military, asked him at the Calgary meeting and on which he had previously issued a statement at Regina. Thursday night he asserted that "capitalism" had used the

Better Weather In Italy Permits Patrol Activity

By NOLAN NORGARDES ALGIERS (AP)—Striking for the fourth successive day at German planes massed for a continued attack in the Aegean, U.S. heavy and medium bombers practically completed destruction of Elevalis airfield at Athens Thursday, and bombed another enemy air base at Larissa, on the east coast of Greece.

While a slight improvement of the weather permitted lively patrol activity and some artillery duelling of the Italian land front, flooded rivers still prevented large-scale action, and deep mud still bogged down most of the heavy equipment of the 5th and 8th Armies.

PHOTOS SHOW RESULTS

The fourth devastating attack on the Elevalis airfield in as many days was made by flying Fortresses, whose bombs were shown in photographs to have destroyed or damaged more than a dozen enemy planes on the ground, and left many fires burning.

Medium bombers, meanwhile, assailed the Larissa airfield on an important rail link between Athens and Salonika, and dumped tons of explosives in the Grosseto and Terni railroad yards north of Rome in Italy.

While fighters hammered shipping along the Yugoslav coast, venturing up the Krka River where they sank one steamer and damaged two others, light bombers and fighter-bombers took advantage of the improved weather to sweep along the front to attack motor convoys, particularly in the Ascoli and Aquila areas.

GAIN FOR ALLIES

Eighty army units, feeling their way through rough country toward the Sangro River on the Adriatic flank, managed to gain some high ground north of the village of Archi northwest of Atessa despite stout resistance. The gain permitted better observation of the enemy's strong defence lines across the river.

Eight fires blazed on the Larissa airfield, a centre of German air concentration, after the raid, and heavy loads of explosives fell among parked planes, runways and hangars.

Taking advantage of the lull on the Italian front, fighters and fighter-bombers crossed the Adriatic in full strength to support the Yugoslav Partisans with strafing runs along the roads and railways.

The attack on shipping was near Sibenik.

Says 'Racketeering' In War Material Stopped

VANCOUVER (CP)—Harold Winch, British Columbia C.C.F. leader, told a public meeting here Thursday night that his complaints to Munitions Minister Howe resulted in stopping "racketeering in war material in the city of Vancouver, to my mind running into hundreds of thousands of dollars."

Mr. Winch said that when he first made his charges there were "scathing editorials" in the press about "spectacular Harold Winch," and that newspapers had said there was no basis for his "exaggeration."

He read letters from Mr. Howe which he indicated confirmed his charges. "Press attack, editorial criticism," he said, "condemned, damned, but the goods of the C.C.F. are there," he added.

Mr. Winch told the meeting that unused sheet and bar steel from Vancouver plants was sold to junk dealers at \$12 to \$14 a ton, and the dealers admitted to him reselling the metal to machine shops engaged in war industries at \$50 to \$75 a ton.

B.C. Civil Servants Build Organization

VANCOUVER (CP)—B.C. Council of Provincial Government Employees expects that civil servants in this province will be organized 100 per cent when its convention is held here Feb. 5 and 6, officials said today.

The council now represents 20 government employee organizations in all parts of the province and 50 delegates are expected at the February convention, officials said.

Argentine Bans 'Time'

BUENOS AIRES (AP)—The Argentine post office department announced Thursday the United States magazine Time, along with approximately 400 other publications, had been banned from the mails in Argentina. The department offered no explanation.

De Marigny Fined, Says He'll Appeal

NASSAU, Bahamas (CP)—Alfred de Marigny, who won acquittal last week on a murder charge, today drew a \$100 (\$445) fine—or a three-month prison sentence—for illegal possession of gasoline.

His close friend, Marquis Georges de Visselou, was fined the same amount and paid immediately, but De Marigny filed notice of appeal.

Magistrate F. E. Field said the only reason he did not sentence the two men to prison is because he might have delayed their deportation.

De Marigny and De Visselou were charged with possession of gasoline believed stolen and with obtaining gasoline from other than official sources.

De Marigny now has seven days in which to appeal. Execution of the sentence is delayed from one to three months.

The appeal is to Chief Justice Sir Oscar Bedford Daly, who presided at the murder trial.

(In Washington today Rep. John M. Coffee (Dem., Wash.) said he would oppose entry into the United States of De Marigny, acquitted at Nassau last week of the murder of his millionaire father-in-law, Sir Harry Oakes, and subsequently, on a jury's recommendation "invited" to leave the Bahamas.)

Falls 5 Stories, Lives

NEW YORK (AP)—Dolores de Costa, 12, fell five stories from a window of her Bronx home today and lived. She suffered a leg fracture, possible fractures of ribs and her left elbow, and shock. Clotheslines broke the force of the child's descent.

Today's WAR NEWS Analysis

By DE WITT MACKENZIE
Associated Press War Analyst
Over-confident folk must have received the shock they deserve when they saw the badly mauled Hitlerites suddenly flare back with a heavy counterattack on the southern flank of the sharp Zhitomir salient and force the Russians to withdraw somewhat.

Such a display of strength and morale, coming on top of the Nazi recapture of the Aegean Islands and the difficulties encountered by the Allies in Italy, certainly is disturbing to wishful thinking.

However, while this is a sharp reminder that the Germans still have much strength and are dangerous, it doesn't alter the fact that they are on the road to defeat. Such bursts of striking power are purely defensive.

The Zhitomir salient show shouldn't be surprising. The surprising thing would have been if it hadn't come, for that would have supported the idea that the Hitlerites were indeed in state of collapse.

PRECARIOUS FRONT
Of course, their battlefield is in a precarious position—as witness today's report of smashing Russian victories at Korosten and in the Gomel sector—and under such circumstances they might be thrown into a debacle. But they haven't been in such a disorganized state yet.

It's almost a truism that any great army, fighting on a broad front, can always make a dent in the enemy line by a quick and heavy concentration of troops at a given point. The Germans are said to have employed 150,000 men on a narrow front below Zhitomir, and that's a lot of

troops. The significant thing is that while the Russian front bent it held and surged back.

The German attack on the flank of the Zhitomir salient was calculated to give them time to withdraw their own imperiled right wing to the south. That right flank bulges out towards the east in a great arc more than 600 miles long.

BIG TRAP FORMING

The Zhitomir salient is stretching out a long, wiry arm that threatens to turn this arc into a huge trap in which great numbers of Germans might be caught. Within this is the smaller Dnieper bend trap which the world had been watching tensely for several weeks.

Rather paradoxically, such German counterattacks are really to the advantage of the Muscovites. Every fresh effort of this sort further weakens the Nazis, who no longer have the reserve manpower or the equipment to do more than stand off defeat for a while longer.

The fresh Red triumphs north of Zhitomir are of great importance—fully warranting the roars of triumph which Thursday night burst from the throats of 124 victory guns in Moscow. The capture of the railway junction of Korosten, 60 miles from the Polish border, has severed communications between the German armies in the Ukraine and those in White Russia to the north. The fall of Rechitsa to the north places the invaders in the Gomel sector, with its strategic railways, on a tough spot.

Thursday was another grand day for Russian arms.

In the British-German war, "4. Turkey always is ready to put into practice her obligations under the alliance."

Then, on the other hand, the editorial said, "The party conference communique, instead of calming public opinion provoked more curiosity than ever. Since morning our telephone has been ringing continuously with people who want to know the nature of the party talks."

Government Retains Seat, Loses Seat In Manitoba

WINNIPEG (CP)—C.C.F. added another member to the Manitoba Legislature today, while the Coalition Government supporters had their ranks decreased to 45 in the 55-member House as a result of by-elections in Brandon and Portage la Prairie ridings Thursday.

Election of Dr. Dwight L. Johnson in Brandon gave the C.C.F. five members in an opposition of nine. One Winnipeg seat is vacant.

Charles E. Greenlay, Government Coalition, retained the Portage la Prairie seat for the administration—a seat held previously by a Conservative member since 1922.

The vote in both constituencies was the heaviest in years—Brandon, 72 per cent of the electorate, and Portage la Prairie 69.

The Brandon race was close until final polls reported, giving Dr. Johnson 3,718 votes and Mayor Fred H. Young, Government Coalition, 3,203.

MAJORITY 515

The majority for the C.C.F. member, succeeding the late George Dinsdale, Conservative representative of the riding for 11 years, was 515. Mr. Dinsdale had a majority of 364 over a Liberal-Progressive opponent in the 1941 general election.

Mr. Greenlay's majority in a three-cornered contest was 696, polling 1,722 votes against 604 for Mayor H. A. Ireland, C.C.F., and 422 for LAC. Bernard Muller, Labor-Progressive. The former member, the late W. R. Sexsmith, a Conservative, was elected by acclamation in 1941. Mr. Greenlay had a majority at all 13 polls.

Election of Dr. Johnson brought

Turk Ambassador To Berlin Returns As Crisis Mounts

By WILLIAM B. KING

ANKARA (AP)—The Turkish ambassador to Germany returned Thursday on conditions in Germany as the popular Istanbul newspaper Tanin published an editorial which appeared to be a preliminary step to prepare the Turkish people for eventual war against the Axis.

The Turkish diplomat, Saffet Arkan, returned while Franz von Papen, German ambassador to Turkey, was conferring with

Hitler in Germany—presumably about the Allied Moscow Conference and European conditions in general.

The Tanin, whose editor is a member of the National Assembly, has been maintaining an independent course and its comment therefore could not be considered a government line. Nevertheless importance was attached to its assertion that Turkish Foreign Minister Numan Menemencioğlu's recent talks with Foreign Secretary Eden in Cairo were "obviously not merely informative."

ASK KEY TO PUZZLE

Certain words in the communique issued after Menemencioğlu had held a lengthy conference with the People's Party parliamentary group early this

week on his return from Cairo, "give us the key to the puzzle," the editorial continued.

"The communique," it added, "said the foreign minister had explained Turkey's activity in the light of the necessities of the Turkish-British alliance. Turkey's position now is very definite:

"1. Turkey is England's ally.
"2. Turkey's relations or friendship with any other power has not modified her understanding with England.
"3. Turkey is not without sides

She's happy now... because she's wearing a pair of the smartest

Prices Skyrocket In Badoglio's Italy

BARI (AP)—In the midst of poverty and starvation, Italy's moneyed classes, which never suffered under Fascism, are reaping a golden harvest of British pounds and U.S. and Canadian dollars from soldier "tourists."

In this section of Italy under Italian government jurisdiction, shopkeepers and big store owners are making 10 times as much money in one day as they did in a month of the best prewar tourist year.

The soldiers are paying the monetary bill while the Italian laboring class is paying the bill in misery as the prices of clothes and other essential things skyrocket.

The price of a suit of clothes of the cheapest quality in two months has risen from 3,000 lira

(about \$158 at the prewar rate of exchange) to twice that amount. Shoes have gone from 500 lira (\$26.30) to 1,800 (\$95), and shirts from 100 lira (\$5.26) to 350 lira (\$18).

Argentina's corn crop, harvested in April and May, is this year about one-fourth the average because of drought; export is now prohibited; Argentina normally is the largest corn exporting country in the world.

STANDARD FURNITURE for GIFTS of FURNITURE

The Gift

that will fill the future with fond remembrance

There's a great deal said every year about this time about "Sensible" Gifts and our nomination for the most sensible Gift of all is Furniture—and by that term we suggest a choice of literally thousands of articles—anything from a Chesterfield Suite to a Set of Window Shades, or from a Folding Table to a Folding Buggy. On the right are just suggestions—we invite you to make a tour of our five gift-packed floors at 737 Yates Street.

One Each

MANITOBA'S COALITION GOVERNMENT and the C.C.F. divided the honors in two by-elections yesterday. The opposition scored its gain in the Brandon constituency, represented by a Conservative for the last 11 years, and whose death recently caused the vacancy. He had retained the seat in the 1941 general election by a margin of 364 over a Liberal-Progressive opponent. Yesterday's contest was between the veteran mayor of the city, Mr. F. H. Young, who carried the coalition banner, and Dr. D. L. Johnson, the latter winning up with a majority of 515. Why a majority of 364 for a Conservative two and a half years ago was turned into one of 515 for a C.C.F. in so short a time supports the truism that it is always unsafe to bet on the weather, horse races, and elections. As mayor of the city, perhaps, the aspirant for parliamentary honors may have been confronted with local factors which took on new significance in the polling booth.

Be this as it may, it is nevertheless interesting to note that Mayor H. A. Ireland campaigned in the interests of the C.C.F., and ended up in second place in a three-cornered fight in Portage la Prairie—a Conservative stronghold provincially, but which shunned Rt. Hon. Arthur Meighen in federal contests in 1921 and 1926. Nor did the government supporters leave anything to chance in this fight; they rolled up 1,722 votes for Mr. Charles E. Greenlay, leaving C.C.F. Mayor H. A. Ireland with 604, and Labor-Progressive Bernard Muller with 422. Mr. Greenlay headed the list at all the 13 polls and his plurality of 696 gave Premier Garson ample reason for expressing his gratification over the result in this riding. One might have supposed, of course, that a three-cornered contest was the C.C.F. opposition's best possible chance to register a gain. As in the case of Brandon, however, the electorate of Portage obviously took the view that municipal and provincial politics should not be mixed.

Yesterday's voting in Manitoba, incidentally, leaves the government with a voting strength in the Legislature of 45 in an assembly composed of 55 members. The main opposition is the C.C.F. whose following has now increased from four to five, the government having won three out of five contests since the general election on April 22, 1941.

Time To Resume

ARRIVAL IN MOSCOW OF 8,225 CASES and bales of clothing, footwear and medical supplies provided by the Canadian Aid to Russia Fund is announced by Ivan Krotov, commercial attaché of the Soviet Legation in Ottawa. The shipment, representing 600,000 units of warm clothing, is being distributed to the liberated people of Kharkov, Smolensk, Bryansk, Kiev and other Russian cities in the battle areas.

Towards this total, the people of Victoria made a substantial contribution in clothing and more than \$35,000 in cash. The clothing sent from here was received and made ready for shipment by the Canadian Aid to Russia Fund's local downtown depot, which has recently been closed temporarily. An appeal for the immediate reopening of this office was published in this newspaper yesterday. The urgency of the demand from Russia for clothing calls for the resumption here of the work of collection.

The severity of the Russian winter is like that experienced by the central region of this country. Struggling to maintain life against such cold are millions of persons dispossessed by the tide of war that has swept over them. They are men, women and children who have fought and endured in our battle. All that we can send them will be all too little. As time is a factor, we should not delay.

One Small Reverse

TYPEWRITER STRATEGISTS LOST NO time in launching post-mortems on the loss of the Dodecanese island of Leros. Some of the London newspapers began looking for heads to lop off a few hours after the disappointing news had reached them. Radio commentators, legitimate and the candy-bar variety, on this continent are giving their expert versions of how it happened and how the "disaster" could have been prevented. It was ever thus; defeat of any kind in battle, strategy which unexpected events prove faulty, always disturbs the public—especially after a series of successes such as experienced by the Allied peoples for a whole year. It could not be otherwise. Human lives are at stake. But we have reached a stage in this universal conflict where it is essential we maintain a proper sense of proportion and a balance in accordance with the immensity of global operations.

To set against the views of the men who do not have to make the decisions, however, is a statement from General Sir Henry Maitland Wilson, the British commander in the Middle East. This, to some extent, at any rate, takes a little of the sting out of the simple truth that the Germans have occupied another piece of territory which has proved its usefulness to the United Nations—militarily and politically. This sets forth

the categorical view that "as a diversion the whole Aegian operation has paid us dividends," and "in casualties alone the Germans lost as many as our total force employed." General Wilson also points out that in breaking up German convoys, "we have caused irreparable losses, because Germany has no fresh supply of shipping from which to draw." In air losses, too, we are told, those of the enemy were three times as many as those of our side. As to the number of British casualties, however, the General gives no precise information.

The loss of Leros, following the relinquishment of the island of Kos a comparatively few days ago, naturally brings to many minds the old refrain of "too little and too late." But until more detailed information is available, and no doubt some will be forthcoming, critics distant from the scene or otherwise unqualified to offer expert opinion, should not be too hasty in dismissing this unhappy break in the list of successes as if the whole Allied cause had slipped mysteriously into reverse. Nor is it to be supposed that the Turkish government's policy will be influenced in the least by the loss of Leros or by any other diversionary development which may bring a modicum of temporary comfort to the men of Berlin. In any case, this minute incident in a battle area which embraces the world, distasteful as it is at the moment, reminds us of Mr. Churchill's frequent warnings that the road to final victory will be long and bloody.

Increasing The Tempo

LAST NIGHT'S HEAVY R.A.F.-R.C.A.F. raids on Berlin and Ludwigshafen added new emphasis to Bomber Command's program systematically to wreck what is left of Adolf Hitler's industrial war machine—city by city. Although the capital and the great chemical centre on the Rhine have been treated many times to "concentrated" attacks, the latest twin blow seems to have followed the pattern which eventually levels a community into complete impotence, by what the communiques picturesquely describe as "saturation" bombing.

In Berlin itself are numerous targets of industrial and general utility importance; but the great electrical and other essential war manufacturing are found on the west and south of the city proper. It is this fact, of course, which imparts a dash of humor to D.N.B.'s airy explanation that most of the bombs dropped "on the suburbs." But if the Fuehrer was curious to learn what happened in these localities this morning, his automobile could have taken him there in a few minutes; the Siemens establishment with its 100,000 employees is less than six miles from the Wilhelmstrasse. R.A.F. and R.C.A.F. crews are thoroughly familiar with the landscape hereabouts.

Ludwigshafen will remain on the list as an industrial target until Bomber Command is quite satisfied its vitally important chemical industries no longer can produce for the Nazi war machine. And the sprawling character of the community—together with the twin city of Mannheim on the other side of the river—does not lend itself of quick reduction. But at the present rate of demolition, its plight should soon resemble that of flattened Hamburg.

The important point about the heavy attack on Berlin at this juncture, following as it has done seven or eight successive irritating blows from Britain's mosquito bombers during the last two weeks, is that it strikes at German morale while news from the Russian front grows more gloomy from day to day. And some residents of the capital may still remember how the Fuehrer was going to pay back Britain at the rate of a thousand bombs to one.

Wheat Growers' Income

ACCORDING TO A RECENT ESTIMATE compiled by the Financial Post the income of the wheat growers in the prairie provinces during the present year will amount to between \$323,000,000 and \$328,000,000. This compares with a total of \$193,000,000 in 1942 and with \$197,000,000 in 1941. The estimate for 1943 takes into account the following items: \$225,000,000 represents the proceeds of the sale of wheat delivered during the calendar year; \$25,000,000 constitutes a bonus paid to the wheat growers for the reduction of wheat acreage; and \$3,000,000 represents payments for providing assistance to the farmers.

In addition, during the present year, wheat growers in the prairie provinces will receive \$70,000,000 to \$75,000,000 as a cash dividend from the government, since the government has closed out the accounts of the Wheat Board for the years 1940, 1941 and 1942. The sums derived from the liquidation of the Wheat Board will raise the income of the prairie farmers to one of the highest in recent years.

This will not only enable them to repay part of their debts contracted in previous years but it will also enable them to put aside substantial savings. The prospect is that many farmers will use these savings in the postwar period for the purpose of buying new machinery and equipment and to improve their land. It should be noted, however, that the \$70,000,000 to \$75,000,000 to be paid to wheat growers this year was not earned during 1943 but actually represented earnings during the year 1940, 1941 and 1942.

These shortest days of the year are the longest to the children who are waiting for Santa Claus.

Advance prediction on what the well-dressed German leader will wear in a year ahead—a rope!

In his recent speech Hitler said: "Whatever may happen at the end, victory is certain." Naturally, he did not tell the German people for whom.

Bruce Hutchison

OTTAWA.

CONFIDENTIAL

SPEAKING confidentially, among my fellow townsmen, I have been wondering for some days why I came to Ottawa at this point. On the surface, there appeared at first to be nothing worth reporting or observing. But in the last few days something is beginning to emerge. I think it is the grisly shape of the future.

Ostensibly events in the last few days have not been related. They appear at first glance to be isolated explosions having no connection. But on examination they fit into a pattern and are seen to be part of a common process which, for lack of a better phrase, may be called the coming to age of the Left.

Out in the far west, his voice thundering across the prairies, our Mr. Winch has proclaimed the unlimited revolution and you could hear the whish of the guillotine and clatter of the turnbuckle when you read it. In Ottawa Mr. Coldwell preached sweetness and light. Everywhere people were reading the new C.C.F. handbook, "Make This Your Canada," which, briefly, assumes that the great socialist omelette can be made without breaking eggs.

RESTIVE

AT THE SAME TIME provincial governments were growing restive with federal interference and making sure that it would end at the war. Finally Dr. Eugene Forsey, labor expert and leading brain-buster of the C.C.F., was calmly announcing that the federal government must control "social and economic legislation" under the control of the provinces, if we are to have the Co-operative Commonwealth.

This all showed that under the apparent calm surface of national politics, forces are bubbling upward, lines are forming, and trouble is brewing. Also, these things showed that the Left in Canada at last is beginning to face the facts of manhood which it has long evaded under the shelter of vague slogans.

So long as the C.C.F. was a minor party of protest it could talk in generalities. When it becomes a powerful national party it has to be practical. Specifically, it has to operate within the traditions, the folkways and, above all, the constitution of Canada.

All the conflicting statements issued by the C.C.F. leaders in the last week mean one thing—that the C.C.F. has been compelled to get down to practical business and say how it proposes to create the Co-operative Commonwealth in a country where no government has power to do anything of the sort.

CONFLICT

MR. WINCH'S REACTION is to scrap the constitution. Mr. Forsey demands that the federal government assume the provincial government's present powers. The C.C.F. brain trust proposes a "constituent convention" to frame a new constitution along C.C.F. lines. Mr. Coldwell, the conciliator, tries to undo Mr. Winch's damage to the cause by promising the provinces that the constitution won't be changed without their consent—which may not be given for a long, long time, if ever.

In a dictatorship these conflicts would be quickly resolved with a stone wall and a round of rifle fire. In a democracy they will be resolved by discussion and compromise, not a quick process. But the significance of the present developments is that they show the yeast of democracy at work, the people demanding real answers instead of catchwords, the reformer compelled to say what he means and intends.

Now that the constitutional difficulties in the way of all reform—socialist or otherwise—are revealed, we have made a positive advance. Discussion of the revolution descends from the clouds of generality into the streets of daily life. That is why the last few days have been important in the progress of Canada.

PRODUCE FIRST

From Saturday Evening Post.

James Finney Lincoln, Ohio manufacturer, was accused of evading federal taxes by overpaying his workers, but he explained that he was working on a system based on the idea that the more a man is paid the more he can produce, and the more he produces the more wealth there is for everyone. Neil M. Clark reports his words.

"The canker that's eating at our industrial progress is the notion that if a man does less than he could do, there'll be more work for others. That's false. There's only one source of wealth—production. Capital's share comes out of it. So does labor's."

"Lacking production, there's nothing for either. If production is less than it could be, the amount available for capital and labor to divide is less than it could be. Nothing in industry is surer than that. But even a lot of managers don't believe it. They set piece rates to increase production, and cut them as soon as men get to 'earning too much.'"

HOW REUBEN GOT THAT WAY

From Chicago Daily News.

Mr. Shakespeare to the contrary, there may be something in a name. Certainly there is justification for Reuben Morose feeling that way.

Mr. Morose, 28 years old, received a letter from his Kansas City draft board the other week that may have got him down. The draft board notified him that he had been placed in draft classification 4-F, among the over-aged, the halt and the lame.

It must have been depressing to Mr. Morose, for the same draft board had inducted him into the army a year ago. He is now a corporal—a rambling 4-F wreck in charge of a squad, two stripes on his sleeve and a wound stripe on his soul, a somewhat bewildered soldier, and, conceivably, a bit morose.

An eastern girl has married a policeman who arrested her. Does that come under the head of "revenge is sweet?"

'D for Donald'—Over Leipzig

By SYDNEY GRUSON
WITH THE R.C.A.F. SOMEWHERE IN ENGLAND

THE communiques tell only the skeleton details of a vast aerial operation such as the R.A.F.-R.C.A.F. blow on Leipzig the night of Oct. 20.

Take the story of the men who flew to Leipzig in "D for Donald," a Lancaster of Canadian bomber group.

There were four Englishmen, including the pilot, and three Canadians—FO. Rod Dunphy, Winnipeg, navigator; FO. Jimmy Dodge, Spirit River, Alta., bombardier, and Flt. Sgt. George Andrews, Sarnia, Ont., rear gunner.

They were roaring through the night on their way to the target when the mid-upper gunner was knocked out by the cannon shells of a Messerschmitt. Three more attacks and scores of miles later they shook off the fighter. They could have turned and gone home then, their aircraft was so badly holed, but they kept going for Leipzig.

At the target area, a Ju-88 tried to finish the job the Messerschmitt started. One cannon shell went through the plane from tail

to the armor plating behind the pilot's seat. The pilot threw the big plane around in violent evasive action, and they shook the Ju-88, too.

Dodge had to release the bombs manually, the mechanism having been shot up, and Dunphy, in words of other members of the crew, had to "perform superbly" with his damaged navigating instruments to bring him back to England.

There is a "D for Donald" in the Canadian Demon squadron of coastal command, too. FO. H. S. Thomson, Nemiskam, Alta., is the pilot and FO. W. J. Gallagher, Powell River, B.C., and PO. H. R. Strong, Pincher Creek, Alta., are other members of the crew.

They were flying low over the Bay of Biscay and luck was in—a fully-surfaced U-boat. The sub's guns blazed as Thomson dived to attack and Ashlie's machine guns spilled 950 rounds onto the sub's deck. From 75 feet

depth charges were released and the sub's stern was blown high out of the water. The sub disappeared quickly.

On their way home, with all their depth-charges gone, they came on another U-boat. Thomson decided to dive in the hope of forcing the U-boat beneath water and depriving it of a chance of recharging. The ruse worked.

re FREE LIGHT and POWER

How "No Charge" Periods Are to Be Based on Meter Reading Dates

The section of the Order of the Public Utilities Commission, dated November 13, 1943, relating to the supply of free electrical energy to certain customers on Vancouver Island, South, reads:

"In this area there shall be no charge made for the equivalent of two months' bills to the customers served under the rate codes and categories as set out . . . commencing with the meter reading of November 5, 1943, and covering each and every meter reading taking place within the two monthly billing periods following the said November, 1943."

This simply means that, because customers are entitled to two consecutive months' free electrical energy, no charge will be made for current consumed as shown on meters read between Nov. 5, 1943, and Jan. 4, 1944, bearing in mind the fact that such meter readings cover electrical energy supplied during the monthly period PRIOR to the date of the meter readings.

Note These Examples

The following examples are for your guidance in ascertaining the "free" energy periods to which you may be entitled under the recent Order of the Public Utilities Commission:

Example 1.

If your meter is read on Nov. 5, your first month's free energy will date from Oct. 5 to Nov. 5, and your second month's free energy will date from Nov. 5 to Dec. 5.

Example 2.

If your meter is read on Nov. 20, your first month's free energy will date from Oct. 20 to Nov. 20, and your second month's free energy will date from Nov. 20 to Dec. 20.

Example 3.

If your meter is read on Dec. 2, your first month's free energy will date from Nov. 2 to Dec. 2, and your second month's free energy will date from Dec. 2 to Jan. 2.

Example 4.

If your meter is read on Dec. 4, your first month's free energy will date from Nov. 4 to Dec. 4, and your second month's free energy will date from Dec. 4 to Jan. 4.

N.B.—Our meter reading department read on an average 1,200 meters every day. We hope these explanations will help to make it clear to you why the free periods cannot all fall within one specified period for all customers alike.

Marian Anderson Weds Childhood Sweetheart
COLUMBUS, O. (AP)—Marian Anderson, negro contralto, announced here Thursday her marriage last July to a childhood

sweetheart, Orpheus Fisher, architectural engineer who was once her chauffeur. The ceremony took place in Bethel, Conn.

In explaining her delay in releasing the news, Miss Anderson said that "so much of my life is public, we felt we wanted to

keep this private." The singer refused to divulge her age or that of her husband. "We're both over 21," she smiled.

Ladies of Open Door Spiritualist Church, silver tea Saturday, 2:30 to 3, 714 Cormorant Street Mrs. Sweeney and Mrs. Swan hostesses.

St. Alban's—Rev. Wm. Askew, assistant curate at Christ Church Cathedral, addressed the last meeting, Eric Moon presiding. Misses Marion Garham and Mary McEln were welcomed as new members. Nov. 21 is A.Y.P.A. Sunday, with Corporate Communion and breakfast. Next meeting will be Nov. 30, when St. Barnabas' A.Y.P.A. will be guests.

Victoria Kitchen Ideas

MRS. C. H. CROSS

Member of the civilian staff at Work Point, Mrs. Cyril H. Cross, 1215 Old Esquimalt Road, prefers main course dishes that can be made overnight. This meat dish is a favorite of hers. Ingredients are one-quarter cup shortening, one onion chopped, two cups cooked macaroni, one pound ground round or leftover meat, one teaspoon salt, one-eighth teaspoon pepper, one and one-half cups canned tomatoes, three-quarters cup grated cheese. Fry onion in shortening, add meat and seasonings. Cook five minutes. Make a layer of macaroni in baking dish. Add meat mixture and its drippings.

Add a layer of macaroni. Pour in tomatoes. Sprinkle with grated cheese. Bake in moderate oven 275 degrees for 35 minutes. Remove cover. Bake 10 minutes longer. From Scotland comes Mrs. Cross' recipe for scones which require one and a half cups flour, one-half teaspoon soda, one teaspoon cream of tartar, one cup sour milk, one dessert spoon sugar, one teaspoon salt, one dessert spoon butter. Mix dry ingredients and rub in butter. Add milk. If milk is sweet add additional half teaspoon cream of tartar or one teaspoon vinegar to milk.

Personal Notes

Mrs. G. Roberts, Victoria, is the guest of Mr. and Mrs. R. S. M. Forbes, West Vancouver.

Mrs. C. J. Bunbury and Miss Dorothy Bunbury have returned to their home on Foul Bay Road, after visiting Vancouver, the guests of Mrs. E. A. Boxall, Douglas Lodge.

Mrs. H. W. Ralston, 1256 Acton Street, has returned from Vancouver, where she visited her second son, Gordon, who is attending U.B.C., taking the second year science course.

Mr. and Mrs. Clyde Savage, 657 Bing Avenue, left today for Vancouver to attend the Junior League Cabaret Saturday evening, and will be guests of Mr. and Mrs. A. V. Bossons.

Misses J. M. Lane and H. A. Morgan of the Victoria are recent recruits to the C.W.A.C., attached to No. 111 Depot Co., Vancouver, and will leave shortly for basic training at Vermillion, Alta.

Mrs. H. C. Winwood, representative of the British Sailors' Society from London, England, was entertained at luncheon today at Spencer's, by the committee of the Victoria Connaught Seamen's Institute.

Miss Hilda Pegg, who will leave shortly for California, was guest of honor at a handkerchief shower at the home of Mrs. D. Moore, 317 Amphion Street. Those present were Mesdames D. Moore, G. Sage, J. Radley and the Misses Dorothy Paxton, Joan Glendinning, Joan Noble, Doris Mann and Freda Clark.

Mrs. W. C. Woodward visited the Central Building Thursday afternoon to inspect one of the most useful branches of Bundles for Britain work, that of turning old hats into windbreakers for sailors in the North Sea. On examining the work, Mrs. Woodward was told that any old felt hat is used, and after being thoroughly cleaned and dyed, is cut up and the pieces sewn together to make the greatly-needed windbreakers.

Mrs. Hector Campbell entertained at her home, 3220 Doncaster Drive, Thursday evening, with a miscellaneous shower to honor her sister, Miss Patricia Giles, whose marriage will take place next week. The hostess presided at the attractively-arranged supper table, and others present included Mesdames H. A. Giles, A. McBay, E. Woodward, W. McAllister, C. Trevors, S. Marshall, J. Viggers, B. Giles, V. Giles, D. E. Meredith, W. Campbell, and the Misses Gloria Stokes, Peggy McBay, Shirley Dye, June and Patsy Giles.

Miss Marguerite Anderson, November bride-elect, was guest of honor Thursday evening, at a miscellaneous shower, when Mrs. M. Grimston and her daughter, Mrs. C. Kitchin, entertained at the former's home, 2316 Howard Street. Those present were Mesdames M. Anderson, W. De Gruchy, J. Knowles, J. Holmes, W. Miles, H. Zala, T. Bradley, W. Arden, R. Lewis, E. Andrews, E. Bridges, T. Bridges, J. Byrnes, I. Erb, E. Lindsay, C. Hanna, and the Misses Rose, Viola and Pat Anderson, M. Moore, Velma Holmes, Edith Barnes and Joan Lindsay, Dorothy Gibson, Mrs. H. Broadbent and Mrs. W. Anderson.

Lieut. and Mrs. J. Ross Hind, R.C.N.V.R. of Vancouver, are guests at the Empress Hotel.

Mrs. R. H. Lund of Victoria was bridesmaid at the Dickinson-Alcock wedding Wednesday evening in New Westminster.

Mrs. Elizabeth Robertson has returned to Victoria, after spending the past week in Vancouver, the guest of Mrs. Alan Robertson.

Miss Noreen Friker entertained at the home of her parents, Mr. and Mrs. Walter Friker, 2008 Chambers Street, Thursday evening, to honor Miss Marianne Wingate, who will leave Saturday for Galt, Ont., to commence training with the W.R.C.N.S.

Out-of-town guests at the Rotary Club luncheon Thursday were Roscoe Brown, Justin Walford, John Cowan, Vancouver; Bill Anderson, Seattle; Ken McRae, New Westminster; Geo. E. Brady, Spokane; Harry Knox, Winnipeg.

Performance of the Blind Choir at the tea at Government House was one of the highlights of the program. Under the direction of Mrs. Humphrey Melish and accompanied by Mrs. S. T. Robson, among those taking part were: Mrs. E. Watling, Mrs. C. Alexander, Mr. E. J. Turner and Mrs. A. Henry. Vocal solos were rendered by Mrs. Watling, "Flight of Angels"; Mr. Turner, "Road to the Isles"; Mr. Henry, "Farmer's Boy."

Weddings

LUKINUK-GARRETT

Marriage of Mona, only daughter of Mr. and Mrs. Robert Garrett, 470 Sturdee Street, to Bdr. William Lukinuk, R.C.A., eldest son of Mr. and Mrs. G. Lukinuk, Hudson, Ont., took place Thursday evening at 8, in St. Paul's Naval and Garrison Church, Esquimalt. Rev. R. C. S. Devenish read the service and C. F. Boulter played the wedding music.

A three-piece beige ensemble in fine wool was worn by the bride, who was given away by her father. Her small brown hat was trimmed with veiling, and her corsage bouquet was composed of gardenias and pink roses. Miss Kathleen Jones was bridesmaid, frocked in gold crepe with moss green hat and accessories and a corsage bouquet of violets. Pte. Alec Happy, R.C.A., was groomsmen.

Many friends were welcomed to a reception at the Royal Bank Hall, where W. O. F. Harvey, R.C.N., proposed the toasts. Bdr. and Mrs. Lukinuk will return to Victoria after a honeymoon in Vancouver, for which the bride donned a dark brown topcoat over her wedding outfit.

NEY-HAMILTON

The marriage took place at St. Christopher's Episcopal Church in Boulder City, Nevada, of Frances Jelliffe Walcott, daughter of Mrs. L. S. Hamilton, Victoria, and Raymond Henry Ney, Syracuse, New York.

The bride was for some time a resident of Atlanta, Georgia, and more recently of Las Vegas, Nevada; the groom is in the United States Army Air Corps. Mr. and Mrs. Ney are living temporarily in Las Vegas.

Women's Council Urges Early Set-up Of Family Courts

NEW WESTMINSTER (CP)—Establishment of family courts following the pattern of the most approved and successful on the North American continent was urged during the semi-annual meeting of the provincial branch of women here Thursday.

About 30 delegates attended the meeting and six of the seven councils in the province were represented.

M. Webber, Vancouver, while speaking to the resolution said the family court is the best instrument for the prevention of juvenile delinquency, desertion and divorce.

Mrs. Paul Smith, Victoria, pointed out the Legislature had approved the setting up of family courts and emphasized the need is urgent.

A resolution endorsed and to be forwarded to the federal Minister of Labor requested that any woman seeking employment who is the mother of a child or children under 16 be required by her employer to produce a written statement from an adult signifying willingness to care for the children while the mother is at work.

Other resolutions pointed out C.W.A.C. are less than for men rates of pay for women in the in the armed forces and claimed they should be equalized; membership of the Provincial Library commission should be increased from three to five and at least two of the members should be women; opposing the lowering of standards of education for admission of girls to schools of nursing in the province; calling attention to the necessity for trained leadership in recreation and community centre work and petitioning for the setting up of a department in the University of B.C. for the training of such leaders.

Mrs. T. Bingham, Vancouver, president of the organization, presided.

MRS. E. M. DAVIDSON DIES

Mrs. Elizabeth Margaret Davidson, widow of the late Robert F. Davidson, widely known and active lodge member, died at her residence, 892 Craigflower Road, Thursday at the age of 82.

Born in Newcastle-on-Tyne, she had lived in Victoria for 32 years, during which time she made many friends and was an active member of the Ladies' Auxiliary of St. Joseph's Hospital and of the Colfax Rebekah Lodge. She was also a life member of the Queen City Chapter of the O.E.S. and the White Shrine, and had served several years on the committee of the Friendly Help.

She is survived by three sons, William Wright Davidson, Victoria; Robert Foster Davidson, Ladysmith, and Joseph Henry Davidson, Vancouver, and five grandchildren.

Funeral services will be held Saturday at 3 p.m. at Hayward's B.C. Funeral Chapel, followed by interment at Royal Oak Burial Park.

Women of the Moose, Victoria Chapter No. 25, Monday, K. of P. Hall, 7:30. Dance at 9.

Must Accept Responsibilities As Well As Privileges

University Women's Club was addressed by Mrs. Nancy Hodges, M.L.A., on the subject of "Women's Place in the Postwar World," Miss Ellen Hart presiding.

"Women must be ready to accept the responsibility as well as the privileges of citizenship," Mrs. Hodges stated, in pointing out that during the war, woman has won a place in many fields not open during peacetime. A place for these women in the postwar world must be planned now, and equal pay for equal work must be retained after the war, the speaker maintained.

A delegate will be sent to the Triennial Conference, and a sum of money will be set aside each year for that purpose. The club endorsed a plan regarding pooling of railway fares to the conference. It was decided also to send a delegate to the Regional Conference in Vancouver.

Following new members were welcomed: Mrs. Kathryn Gilliland, Miss Eleanor Piggott, Miss Margot Gordon, Mrs. Frank C. Sommer, Miss Muriel Knight, Mrs. M. Lowe, Mrs. Hartley Sargent, Mrs. Winifred Graham, Mrs. Phyllis Trafford and Mrs. R. S. Twining.

Mrs. Marion Whyte reported for the nutrition committee meeting and the club decided to support the campaign for nutritional education. Mrs. W. Skillings will represent the club.

P.T.A. News

Gordon Head—John Gough, Inspector of Saanich Schools, was speaker at the last meeting. Mrs. F. Speed reported on the Border Conference. Through the kindness of Mr. and Mrs. Geoffrey Vantreigh, the P.T.A. will hold a silver tea and sale of work at their home, Dec. 8. Conveners are: Miscellaneous stall, Mrs. F. Farrow; white elephant, Mrs. F. Baker; tea, Mrs. Speed; program, Mrs. Chas. Goodwin. Next toy-making meeting will be in the school study, Tuesday at 2.

\$15,000,000 B.C. Nest Egg For Rehabilitation—Hart

By next March B.C. will have a nest egg of \$15,000,000 in bonds tucked away to aid in reconstruction after the war and in rehabilitation of returned men and women.

Premier John Hart, Thursday night, told the annual meeting of Victoria Liberal Association.

"We're seeing to it that we can go ahead on our own," the Premier said, "so that we can launch out on postwar work with confidence."

The coalition government, he said, is very busy now, working as subcommittees on plans for rehabilitation and on a program of legislation for the next session of the House.

"During the next session we will introduce far-reaching and far-seeing legislation in the interests of the men and women now in uniform, in the interests of the people of this province," Mr. Hart said.

"Our government shall not fail these people—we are going out on a very large policy of reconstruction and rehabilitation."

FUNCTIONS WELL
Mr. Hart said the provincial

cabinet, composed of five Liberals and three Conservatives, functions extremely well, "with a feeling of good fellowship permeating all our work and all our decisions."

The Premier traced the history of coalition government. He said he had been chosen to head the Liberal Party and head a Coalition government. As head of the Liberal Party he said he now associates himself with the Liberal Party's revitalization, for such a revitalization will mean further support and assistance for the coalition.

He dealt briefly with the C.C.F. He said it is difficult to interpret Socialist policies, because the C.C.F. "give us no details—they talk in generalities." Under a Socialist state, he said, there would be no place for labor unions, that such unions would be speedily liquidated. Doubtless, the labor union people would rebel, he said, and he wondered if they would be classed as criminals, as Harold Winch intimated all those who opposed a Socialist government's will would be classed.

The Premier said it is the duty of Liberals, as far as they are able to let people know just what a C.C.F. government would mean.

FAIR SETTLEMENT
Mr. Hart told of plans for settlement of returned men on the land. He said 5,000 B.C. soldiers now have the qualifications to settle under auspices of the Dominion Government, on the 1,000,000 acres given by the B.C. government.

"Our government and the Dominion Government are going to

see there are no misfits on the farms," Mr. Hart said. "A man will not be left to flounder for himself, he will be under the guidance of government plans, electrical services and schools."

Mr. Winch, he said, may not like the farm settlement scheme, but he read a letter from the Army and Navy Veterans thanking and commending the government for its interest in rehabilitation of returned men.

The Premier referred to the Public Utilities Commission's report on the B.C. Electric and the gift of free electricity. He traced the history of the commission.

Excess profits, he said, cannot be, unless consumers have been paying too much, and that is why the B.C. Electric had large excess profits. The commission was set up, he said, to see that big companies had not excess profits.

"This relief is due to the people," he said, adding that when the war is over, and conditions are more normal, the board will see that there are no excess profits whatever.

The relief to the people is not a loss to the Dominion Government, because firms saving money on electricity will pay more excess profits and the government will get the money through them instead of through the B.C. Electric.

As Minister of Finance, the Premier told of the province's financial position, highlighting it with the statement that, despite heavy borrowings, the debt is now lower than it was 10 years ago.

Amica Group of Metropolitan United Church met under Mrs. F. Crompton. Arrangements were made for the entertainment of the armed services after the evening service, Nov. 28. Next meeting, home of Miss Mary Taylor, 1045 Rockland Avenue, Dec. 14, election of officers.

Credit Women Hear Prentice Impressions

"My Impressions of the East"

was the topic of a talk given by O. M. Prentice to Victoria Credit Women's Breakfast Club, Miss Edith Corrin presided and introduced the speaker, who gave a description of his trip to Toronto, Philadelphia and New York.

Places of interest visited and conditions there at the present time. Of particular interest was his information of the credit systems used in the large department stores, Eaton's, Simpson's, Wamaker's and Macey's.

Guests for the evening were: Misses E. McIntosh, E. Robins and June Dunn, L. E. Evenden presented, on behalf of the president of the Pacific Northwest, certificates for perfect attendance last year to Gertrude Haughton, Edith Corrin, Margaret Stanclil and Mrs. W. Woodley.

Quiz question on Breakfast Club history was not answered and the "pot of gold" was held over until the next meeting.

A dinner party will be held Dec. 15, followed by the Christmas meeting at the Y.W.C.A.

Personal Notes

Miss Vera Knight, bride-to-be of this month, was the honored guest of Mrs. J. F. Murrant, Cadillac Avenue, when she entertained with a miscellaneous shower. Guests included Mesdames J. Knight, L. Anastasio, A. C. Stevens, E. Pearson, K. Ostrom, A. Bell, A. Shepstan, M. Pohl, D. Knight, K. Jennings, J. Karvelis, N. Clarke, R. Mall, F. Beaumont, Donald Stevens, H. Goodwin, R. Parilly, L. J. Blackmore, E. W. Robinson, R. F. Whellams, L. Fair, and Misses N. Wheeler, Miriam, Muriel and Faith Goodwin, Hazel Pearson-Gladys Moss, Betty, Rosalie and Joy Cowper-Smith, Shirley, Jean Murrant, and Messrs. P. Phillipchalk, Douglas Knight, Frank Beaumont, Jack and Glenn Murrant.

Mr. and Mrs. A. MacLeod Baird, who will leave Winnipeg shortly to make their home in Victoria, were honored at a farewell party given by Mr. and Mrs. Arthur B. Johns.

Mrs. W. H. Cockin and Miss Gladys Townsend were hostesses at the former's home, 414 Smooc Street, Wednesday evening, with a shower to honor Miss Marguerite Anderton, bride-elect of next week. Guests included Mesdames M. Anderton, A. A. McHarey, L. G. McKenzie, E. McConnell, and the Misses June Sangster, Doreen Copas, Rose, Viola and Pat Anderton.

Plans for the annual Christmas party Dec. 16 were made at Sokarium W.A. meeting Thursday. Mrs. J. Bayliss presiding. It was reported that 15 pairs pyjamas and 16 tunics have been cut ready for sewing. In addition, 12 pairs shorts and four pairs pyjamas are completed. Knitting convener, Mrs. G. Wise, reported the purchase of two dozen pairs of boys' stockings and members are to bring to the next meeting old sweaters that can be unraveled and reknit into sweaters for children. During December the auxiliary will cater for a wedding when the entire proceeds will be used for W.A. work.

3 Airmen Survive Arctic Ordeal In Rubber Boat and On Polar Peak

MONTREAL (CP)—Three Atlantic ferry crewmen, surviving an air crash in shifting ice fields, 20 hours in a flimsy rubber dinghy, in which they hand-clawed a passage through 15 miles of jagged ice cakes, 10 days on a bleak Polar pinnacle, and finally a hazardous rescue, agree as they recuperate that they have "come back from the dead to tell about it."

The three—all in the service of the R.A.F. transport command—are: Capt. Robert Coffman, 32, of Baton Rouge, La., pilot; FO Norman E. (Ted) Greenway, 23, of Camrose, Alta., navigator, and Ronald E. Snow, 22, of Digby, N.S., radio officer.

All are being treated for severe frostbite and exposure. Coffman is still abed. Greenway is in a wheelchair, with his feet swathed in bandages. Snow is moving around, just about recovered.

Flying a Hampden bomber from Britain to a British Columbia training base, they had engine trouble off the coast of Greenland. One motor conked, and they plugged along on the other for some time before it, too, faded. Coffman selected an ice-free channel and set his ship down. He took his bearings first and sent out an SOS, but his signals were not intercepted.

FLOWN TO SAFETY

The three men guided their dinghy to the jutting peak of a submerged mountain and remained there until the keen eye of Maj. John T. Crowell, Isle de Haut, Me., spotted them from a Norwegian ship in the service of the United States army. After the rescue the men were treated in Greenland and then flown here recently for further care.

They are now fit enough to be interviewed and have their pictures taken.

Here is the story: After the crash the crew, taking a box of emergency kit and rations with them, got into their dinghy and started the hazardous passage to the Greenland coast, perhaps 15 miles away, through active ice.

For 20 hours, until 10 o'clock the next morning, when they made land, they battled through the ice. Only one man could paddle the dinghy and fend off the ice at a time.

They reached the snow-covered peak, devoid of firewood or vegetation, and selected a narrow ledge 100 feet above the sea for a camp, and hauled their dinghy up for shelter. They had the heartbreaking experience of hearing search planes passing and repassing, but failing to spot their Vercy pistol signals.

A rationing schedule was drawn up, on the basis of a week before rescue, apportioning six malted milk tablets and a third of a pint of water per man per day. In their pockets they found some chocolate bars, and they allowed themselves two inches of chocolate each a day. But after 72 hours, the day's ration was cut to three milk tablets and one square of chocolate the size of a postage stamp.

The first two days of the snow and sleet blizzard were followed by 48 hours of sub-zero temperatures.

DISTRESS FLAG GOES

Then came three days of furious gale, blowing away their distress flag.

The ninth day a small ship steamed past them, and on the following day another aircraft passed high above.

The trio now were so weak they could scarcely crawl. Coffman had lost 32 pounds, and the others had dropped 25 pounds each.

Coffman complained of a burning thirst, and Snow crawled out to scoop up some snow for his chieft. He was back in a minute to report he thought he had sighted a ship.

The men scrambled to their feet and saw a two-masted whaler standing too eight miles off.

They took turns flashing their heliograph and firing signals from the Vercy pistol. Three hours passed without response from the whaler, the Poplar Borjn—hove to while her engines were being repaired.

Finally, they noticed a black speck moving out from the whaler. Maj. Crowell had noticed the helio flashes and, figuring it might be Nazi agents, organized an armed expedition to make a capture.

Back at the ship the men were asked: "How about a nice hot cup of coffee?"

Capt. Coffman remembers the thrill of hearing these words—the biggest thrill of his lifetime—but he served before it was served.

They were taken to a U.S. army post for preliminary treatment, and then brought to the transport command base at nearby Porval.

So-Ed's to Observe Fellowship Week

In observance of the World Week of Fellowship and Prayer in the Y.M.C.A., the So-Ed fall series will have Rev. W. Askew as a guest speaker, Wednesday at 8. His talk will follow the regular "Musical Musings," after which the group disperses for classes.

Public affairs group are studying the "Six Pillars of Peace," while the civic government and civic problems are being studied in round table discussion by the citizenship forum.

After the lectures, which also include a social psychology course and spare time skills, professional direction is given in billiards, table tennis and archery. Later in the evening old-time dancing is enjoyed.

Miss Alma Nalcolm is chair-

man of the committee, and information on registration may be obtained from Miss Helen Simpson.

St. John's—Rev. G. Biddle addressed the meeting, and the following guests were welcomed: Grace Solley, Margaret Weedon, Gordon Lupton, Russell Hazelton, Bill Christopherson, Ted Bradley. Next meeting will be Nov. 23 at 8 when movies will be shown.

B.C. ELECTRIC

EVEN as some of the most commonplace things of yesteryear seem oddly old-fashioned to us, so to those who lived in 1868 many of our simplest benefits would have appeared incredible.

For instance, who could have foreseen that Libby's "Gentle Press" Tomato Juice would become the most popular fruit juice in Canada? In tens of thousands of Canadian homes it is in daily demand as a palatable health drink providing an excellent source of the essential vitamins A and C.

Add to this the millions of users of over 100 different Libby's Foods and you have a mental picture of the great change in the eating habits and the improved living

standards of today as compared to 75 years ago. The nourishing goodness, exquisite flavour and rich variety of Libby's line demonstrate how the passing of the years has brought vastly better living within the reach of Canada's humblest homes. Libby's are proud of the fact that as the processors of the largest variety of canned foods in the world Libby's have made a real contribution to a higher standard of living during the past 75 years. Every Libby's label designates a food product of surpassing quality—dependable, consistent, uniform through every pack.

Sports Mirror

By PETE SALLAWAY

WE HAVE watched our first mid-winter track and field meet, and must vote the promotion an outstanding success. Attending the championships of Pacific Command, Wednesday, one witnessed all the excitement and thrills of a meet conducted in the warmth of a summer's afternoon. And, strangely enough, the athletes didn't seem to mind the strange conditions one little bit. But we must admit it did seem strange to see track and field men walking around the cold, wet turf of Macdonald Park in bare feet. Many of them discarded their track shoes owing to the poor footing provided by the slippery grass.

Most happy group at the meet were the officers and men of the 56th Battery of the 5th B.C. Coast Brigade, who watched their tug-of-war team pull its way to another smashing win. Not a bit of aggregation, this team has definitely established itself as one of the finest outfits of its kind to hit these parts in years. The 56th huskies have pulled their way to victory after victory this year, and their triumph Wednesday was a fitting climax. Capt. Harry Minton, Army sports officer located with the headquarters staff Pacific Command, had a word of praise for the winners: "That's one of the finest tug-of-war teams I have seen in recent years. One can easily see they have paid real attention to their training, and that is the secret of their success."

Ran into Lieut. Dick Parkinson, former guiding light of the many successful regattas staged at Kelowna. Dick is now located at Vancouver, and hopes to break into the sports branch of the army. Before joining the army,

Parkinson was actively associated with just about every sports promotion at the interior town, and we first became acquainted while touring the interior with the Blue Ribbon basketball squad.

Tribute must be paid to Maj. W. S. Oliver and the other area sports officers for the fine manner in which the championships were run. Every event went off as per schedule, and halfway through the program the officials had to call on the band for a number so as to give them a chance to delay the next event and keep from running ahead of their timetable. The meet was well organized, without a lag the entire afternoon.

Judging by the major league draft meeting, the future does not augur well for professional baseball.

Only eight clubs grabbed 15 players, five less than were taken a year ago, when more than one owner was apprehensive.

There is a paucity of talent, of course, but there was no one eligible for the draft on whom eight clubs were willing to risk \$7,500.

Connie Mack, who with the New York Giants had first choice, didn't even put in an appearance.

Offhand, you would suspect the boys were a bit skeptical about the outlook. Among those eligible for the draft was Floyd Caves Herman, who batted .354 in 81 games with the Hollywood Coasters.

Branch Rickey missed a bet in not grabbing the old Brooklyn Babe, with Lippy Leo Durocher and Babe Herman and his helmet, Ebbets Field really would be the home of the greatest show on earth.

Woodhouse Pilots Conejo to Victory
SAND MATEO, Calif. (AP)—Leading from wire to wire, Conejo, four-year-old colt by Boxthorn, won Thursday's feature race at Bay Meadows track. It was a mile run, clocked in 1:37.35.

Conejo, ridden by Billy Woodhouse of Vancouver, B.C., and running in the colors of the Circle B. Ranch owned by E. C. A. Berger of Los Angeles, won by half a length. Ever Hour, the post time favorite, was second and Grano Salis, third.

The winner paid \$6.00, \$2.60 and \$2.40. Ever Hour returned \$2.50 and Grano Salis \$2.90.

Results follow:
First race—Six furlongs:
Conejo (Woodhouse) — \$11.20 \$3.20 \$4.10
Samuel (Adams) — \$2.80 \$3.90
Applaud (Woodhouse) — \$2.80 \$3.90

Dechard (Adams) — \$4.80 \$4.80
Time, 1:13. Also ran: Passion, Divulge, Air Fighter, Lorraine Cross, On Time, Symphony.

Football Teams Of Yesteryear More Powerful

By CHARLIE EDWARDS

TORONTO (CP)—Brian Timmis, now 43, looked back over his 24 years in senior football and made these startling statements:

"The big football teams of 15 or 20 years ago were tougher, more powerful than our teams today. Playing against one of those big, old teams the kids of today would never get the ball."

"Regina Roughriders of 1920-21 were 'as good as any team I've played with or against.'"

"Joe Krol is the greatest football player I've ever seen in Canada when he wants to be."

Brian's statements will raise arguments but they're backed by an 18-year playing career and six years as coach. As a Hamilton Tiger until his retirement as player in 1938, Timmis was one of Canada's greatest middle wings.

Now he's proved himself as coach by guiding Hamilton Wildcats to the O.R.F.U. title.

REAL TOUGH FOOTBALL
Timmis doesn't underestimate strength of teams such as his Wildcats. But he recalls that when he returned from overseas and played football in Ottawa in 1919 and in Regina in 1920-22, the players were mostly men matured in mind and body by war.

The body contact of the tough old two-backs-and-a-kick game was a physical outlet for men trained to violence. Timmis figures the charging lines and smashing line plungers of the old days would "run right over" teams of today.

"Maybe these kids of today would pass and run them dizzy for a few minutes but give the old-timers the ball once and the kids would never see it again."

Montgomery Favored To Whip Beau Jack
NEW YORK (AP)—Bobcat Bob Montgomery and bouncing Beau Jack are going to straighten out one-half of the world light-weight championship in Madison Square Garden tonight.

Bob and the Beau tangle in a 15-rounder for that piece of the crown sanctioned in New York. This is not to be confused with the National Boxing Association's portion, now held by Sammy Angott.

The wagering experts think Montgomery is such a sure-shot to repeat his first victory that they've installed the Philadelphia negro a 1 to 3 favorite over the one-time shoe-shine boy from Augusta.

The Beau hasn't been too hot since Montgomery gave him that going over last spring. In his most recent start he was outpointed by Bobby Ruffin, a local lightweight who had never before been regarded as belonging in the same ring with the jumping Jack.

Liberty Ship Will Be Named Paddock
WILMINGTON, Calif. (AP)—A Liberty ship to be launched some time before Christmas in honor of the late Capt. Charles W. Paddock, one-time "world's fastest human" and veteran of three Olympic games.

Paddock, former business manager of the Long Beach Press-Telegram and the Pasadena Star News and Post, was killed with Maj. Gen. William F. Upshur, commanding the marine corps' Pacific department, in a plane crash near Sitka, Alaska, last July 21, Paddock was Upshur's aide.

VANCOUVER (CP)—H. R. "Bert" Davidson, 56, one of western Canada's best known sportsmen, died Thursday. A sprinter in his younger days, he represented Vancouver in many track meets, and played on the old V.A.C. lacrosse team. He was marmork and Mann Cup competitor.

B 3131

Joe DiMaggio Pays
LOS ANGELES (AP)—Joseph DiMaggio, erstwhile high-salaried outfielder for New York Yankees baseball team but now drawing a sergeant's pay in the army air force, agreed Thursday to pay his estranged wife, the former Dorothy Arnold, \$300 a month plus \$1,000 cash pending trial for her suit for divorce.

DiMaggio was not in court, but Mrs. DiMaggio's attorney, Stanley A. Phipps, filed a stipulation signed by the former baseball slugger agreeing to the terms.

Mrs. DiMaggio has demanded \$350 a month for her support and that of their two-year-old son.

League of Nations Team

Far from their own war-torn countries, these young refugees are members of Chicago high school championship-bound soccer team. Left to right: George Herz, Austria; Herbert Baer, Germany; Charles Ticho, Czechoslovakia; Fred Rothschild, Germany; Russell Lee, China.

Intercity Rugby Tomorrow

Strong Clubs Battle

Rugby followers will gather at Macdonald Park tomorrow afternoon to watch Victoria's Crimson Tide make its second start in McKechnie Cup intercity competition. Opponents for the locals will be the crack fifteen from the University of British Columbia, and the starting time is 2.30.

In its opening game the Tide was held to an 11 to 11 deadlock by Vancouver Rebs, after grabbing off an 11 to 3 lead in the opening half. The locals wilted badly in the final period. Present holders of the historic trophy, the Victoria team needs a win badly to keep alive its hopes of retaining the provincial championship.

Several changes have been made in the Victoria lineup in an effort to inject more scoring punch. Austin Cullin, rugged Army performer, has been given a position on the three-quarter line, while Van Druten and Cockeran have been given berths on the forward line. Another switch moves Doug Peden from the forward line back to the fullback position.

Coach Dan Doswell announced the Victoria team Thursday night as follows: Peden, fullback; Chipman, Cullin, Greig and Jeffreys, three-quarters; Wood, five-eighths; Gillespie, scrum half; Bray, Sparks, Van Druten, Gornall (captain), Kraema, Cockeran, Woods and Greenhalgh, forwards.

Varsity LINEUP
Vancouver (CP)—University of British Columbia will send its strongest side for the McKechnie Cup game against Victoria Rebs at Victoria Saturday.

Varsity's second team will also make the journey to play an exhibition game against Victoria College, while the senior basketball squad is to meet Pat Bay R.C.A.F.'s championship side at the Victoria High School gym Saturday night.

Here are the rugby lineups for Varsity, with distinguishing numbers shown for the McKechnie Cup team:
Varsity — George Rush (18), fullback; John Hicks (10), Doug Reid (5), Gordy Morrison (8), Jack Sim (7), three-quarters; Jack McKechnie (11), five-eighths; John Wheeler (4), half-back; Al Jones (13), Norm Cooke (15), Cem Layard (13), Gerry Lockhart (2), Keith MacDonald (6), Jim Waters (14), Joe Pegues (16) and Bill Wallace (17), forwards. Spare, Bill Clarke.

U.B.C. — Bill Redpath (full-back); Les Babb, Tom McCusker, Ed Bakony, Jan Mackenzie (three-quarters); Jack Lindsay (five-eighths); Verne Turner (half-back); Bob Lawson, Dave Morgan, Howie Shadwell, Bob Ross, Gordy Gene, George Hamilton, Harry Kabush and Bill Pearson. Spare, Gerald Jenvey.

May Bolster Latter
An artist's view of National Hockey League standings would have to be painted in black and white today to reflect extremes of misery and success presented respectively by New York Rangers and Montreal Canadiens.

If there was any scope for neutral shades, it was removed Thursday night when Canadiens crushed Toronto Maple Leafs 5 to 2, while the reeling Rangers were flattened 3 to 1 by Detroit Red Wings.

In recording their sixth victory (plus two ties) in eight games since the season started three weeks ago, Canadiens stretched their point total to 14 out of a possible 16, remained the only undefeated club in the league, and retained firm hold on first place, four points ahead of Chicago Black Hawks, who outscored Boston Bruins 7 to 3 before 9,885 home fans for their fourth straight victory.

Defeat left Rangers without a point to show for eight starts. It also emphasized the motives behind a meeting scheduled for New York today, in which the

Great Patrik Will Show New Dives To Victoria Fans

Two dives not previously attempted here are among a dozen Al Patrik, world's leading spring-board artist has listed for his exhibition with George Athans, Canadian champion, at the dusk Y.M.C.A.-Navy swimming meet at the Crystal Garden Saturday night.

The first event on the program is scheduled for 8 with the diving midway in the show.

The specific dives not seen here before are half-twisting, backward one and one-half somersault in pike position and a half-twisting gainer and one-half somersault in tuck.

They represent stunts not half a dozen men in the world can perform.

Patrik, due here on the afternoon boat, will work up to his features with several routine dives in layout and pike position and repeat on his half gainer with the same styles.

Stepping up the calibre, he will whip through a two and one-half front somersault in tuck, and do a back one and one-half somersault layout, a gainer and a half in tuck, and a cutaway one and one-half pike.

For his windups he will use a twisting one and one-half front and the two specialties.

Athans is expected to follow him in the majority of the dives.

Swimming Features

While the diving is the highlight on the 19-event show, it will not be the only item of interest. Nine of the swimming races are dual fixtures between crack Y.M.C.A. performers and Navy swimmers who have among their numbers, men of national ranking.

Leading the sailors will be Gordie and John Develin, Toronto boys who have held Canadian championships. Gordie will be the Canadian British Empire Games team in Australia and has an imposing record behind him.

Against the bluejackets, star-studded with out-of-town talent, Archie McKinnon will send the pick of his Flying Y squad. Carrying the associations colors will be Bob Johnstone, Canadian junior half mile record holder and winner of the Wrigley trophy this year, Thornton Opie, crack sprinter, and Len Cloverdale, freestyle and breast stroke ace.

The team was outstanding at Kelowna and other meets this year and should give a good account of itself.

Walker Cooper Will Receive Army Call

ST. LOUIS (AP)—Walker Cooper, 28-year-old captain of the St. Louis Cardinals, was accepted by the army at Jefferson Barracks reception centre Wednesday, under an "AX classification," or limited service, because of a physical limitation.

The baseball player was not sworn in as a soldier immediately, but he will be called up later to fill a quota, the centre's public relations officer said. X-ray pictures were taken of the catcher's finger which was fractured and dislocated in the final World Series game.

Cooper is married and has a child.

Turkey Competition

Sunday at the Victoria Golf Club a turkey competition will be staged. Members wishing to participate are asked to turn their names in to professional Phil Taylor.

the scoring this season with 48 points, is a triple-threat runner, kicking and passing half. He is regarded by many experts as an outstanding player in the union.

Seahawks Beat Airlines To Lead Coast Hockey

St. Regis In Town Saturday To Play V.M.D.

First of the mainland civilian teams of the Pacific Coast Hockey Association will make its appearance at the Willows Arena tomorrow night when the Victoria Machinery Depot plays host to Vancouver St. Regis. Play will start at 8.30.

Monday night in New Westminster the V.M.D. knocked over Coley Hall's squad 7 to 5 and hope to make it two straight.

Tonight in Nanaimo the St. Regis boys stack up against the Army. The troops are resting at the bottom of the league with two defeats in as many starts.

Take League Lead

NEW WESTMINSTER (CP)—The boys who backed Sen Island R.C.A.F. Seahawks as the team to beat in the Pacific Coast Hockey Association were thumping the drums today as their Flyers forged ahead in a two-point league lead after one of the most convincing wins of the season.

The R.C.A.F. smothered New Westminster Lodestars under a 14 to 6 score Thursday night, with speedy Hank Blade leading the parade with four makers. Outskating, outplaying and outscoring the Lodestars almost all the way, Seahawks gave young Andy Young an anxious night in the New Westminster goal.

Young stopped a lot of rubber as Seahawks outshot Lodestars 19 to 7 in the opening period and 20 to 5 in the second, but he could not stop it all. Consequently the Flyers went into a 4 to 1 lead in the opening period and had increased the margin to 6 to 1 by the end of the second.

New Westminster showed a bit of a spark at the start of the third, getting three quick goals, but Seahawks came right back with six straight markers inside of eight minutes to salt the game into the records.

Besides Hank Blade's four-goal effort, Johnny Quilty and Star King each got three and Walt Koch got two. Tony Licari and Lyle Swaney scored the others.

Pete Leswick and Trosvick each got two for Lodestars and Bob Salmond and Shorty Coombs got the others. Seahawks' victory was one of the most convincing displays of the season.

Two First-Division Soccer Games Carded

Tomorrow afternoon's first division soccer matches will bring together the Navy and Army at Athletic Park and the Victoria Machinery Depot and R.C.A.F. at Bullen Park. Kick-offs are set for 2.30.

Last Saturday the bluejackets sprang a surprise victory over the R.A.F. In the last meeting between the Army and Navy, on Remembrance Day, the tars registered a lone goal decision.

In the V.M.D.-R.C.A.F. match the shipyarders will be after a win and first place in the league standings.

Second division matches scheduled Sunday follow:
A.V.T.S. vs. East Indians, Heywood Avenue; referee, Hart.
Yarrows vs. R.A.F., Bullen Park; referee, Odegas.
Navy vs. V.M.D., Admirals Road; referee, Cockerill.
All games at 2.30.

Lombardi Arrested

SAN FRANCISCO (AP)—Ernie Lombardi, catcher for the New York Giants, was arrested Thursday on a warrant charging battery and was released on bail pending a hearing here Wednesday. Police Inspector George Dyer reported.

The complaint, Wade Jones of Richmond, Calif., charged that Lombardi struck him in a night club row several nights ago.

WASHINGTON (AP)—Under Secretary of War Patterson rejected Thursday a recent plea by Representative Weiss (Dem., Pa.) that the Army-Navy football game be played in a metropolitan area where upwards of 75,000 persons could attend. The game is scheduled for West Point, Nov. 27.

Callura Beaten

ERIE, Pa. (AP)—Billy Miller, 135, of Pittsburgh, defeated Angelo Callura, 138, of Hamilton, Ont., Thursday night, winning every round of their 10-round bout.

SAANICH C.C.F. COUNCIL

Saanich Women's C.C.F. Council met under Mrs. J. Clark, when Mrs. McDonald, delegate to the Local Council of Women, gave a report of their last meeting. Final arrangements were made for the social evening to be held Saturday night, in Woodworth Hall.

There will be a short program, followed by bingo, home cooking and vegetable table; raffle of a hand-made Dresden plate pattern quilt. Card game will be held at Mrs. R. Powers, 1038 Vista Heights, Nov. 27. Court whist will be played. A motion was unanimously passed that should Mrs. M. McDonald stand as school trustee, Saanich Women's Council would endorse her decision and extend support.

P.O. David Pudney, R.C.A.F., who won his wings and commission at No. 4, S.F.T.S., Saskatoon, early in October, has since been posted to Summerside, P.E.I. for reconnaissance training. He enlisted in the air force in September, 1942. P.O. Pudney was educated in Victoria, first at St. Michael's School and then at Oak Bay High, from where he graduated. His home is now in Vancouver, where his father is a Bank of Montreal manager. His mother is the daughter of Mrs. M. M. Beasley, 1231 Beach Drive.

Tells of Attack On Dutch Harbor

Eye-witness account of the bombing raids on Dutch Harbor last June were relayed to the Lions Club Thursday by Fred Brown, American construction specialist who spoke on "Aleutians—Our Stepping Stone."

Enlisted men were at their stations long before the raid came, Mr. Brown said, for a Jap invasion had been anticipated—the navy had figured the time within 10 minutes. The Japanese planes came from all four directions, and were very numerous.

"I counted at least 13 myself, but you don't see much when you're hiding in a corner," he said.

As one of 1,800 civilian construction workers, Mr. Brown described his reaction at this first experience of attack. The enemy planes were unmarked, he claimed, and passed over 100 gun posts before letting bomb doors open and dropping "eggs." Allied ack-ack guns had been afraid to attack sooner, he said, because the Japanese had sent in radio messages informing of "friendly planes."

Lay Away SLIPPERS FOR CHRISTMAS GIFTS
We have fair selection of Men's and Women's Slippers. Have a pair put away now.

DAVID SPENCER LIMITED PHONE E-4141

The Japanese tried to get the wireless station and oil supply the first day, Mr. Brown said, but failed. However, after a reconnaissance flight in which they took many pictures, the planes turned and made direct hits on the oil.

New troop arrivals, still unposted and in barracks, received heaviest casualties, the speaker said. Only one civilian was killed, and he was buried in a trench after a bomb hit.

An amusing incident was recalled by the speaker. One of the boys had a portable radio

and KJVI had just announced at the end of a newscast that "all is quiet at Dutch Harbor," when the raid came on in earnest.

"After the attack there were so many telegrams from the men's wives, asking them to come back on grounds of illness of one or other members of the family, that the F.B.I. had to examine every telegram individually to ascertain the sincerity of it," Mr. Brown concluded.

Jim Roberts thanked the speaker on behalf of the Lions. In President Jack Fuller's absence, chairman was Dr. Cliff

Carl. Ex-president W. J. R. Peers reported on progress being made with ticket sales on the Lions' house, and Will Land and Bert Young were welcomed back after many months' absence.

Saturday the Lions will take over the wheel of fortune at Yates and Douglas Streets, when there will be a jack-pot prize for the lucky winner.

Industrial users of sugar now have their allotments raised to 30 per cent of 1941 use, due to increased receipts from the Caribbean areas.

BARGAIN HIGHWAY
AND
ARCADIA BUILDING ANNEX

SATURDAY IS CHILDREN'S DAY ON THE BARGAIN HIGHWAY

Featuring a fine array of seasonable clothing needs for the younger members of the family—at consistent low prices—"Shop the Bargain Highway and Save."

INFANTS' OILCLOTH BIBS 10¢
Each
Mothers, select several of these practical bibs from the assorted range of figured oilcloths, finished with taped edges.

GIRLS' CARDIGAN SWEATERS 1.10
Each
A well-knit, neat-looking sweater made from sturdy yarns in plain shade with cuff and neckline trim. Finished with button front and long sleeves. Sizes 28 to 34.

LITTLE GIRLS' CARDIGAN SWEATERS 98¢
Each
Just right for present wear. Attractively knit from nice quality yarns in plain tan shades, with full button front. Long sleeves and two pockets. Sizes 24 to 28.

Mayhew Receives Original Commission

The vice-regal commission directed to the late Chief Justice Archer Martin to administer the oath of allegiance to R. W. Mayhew, shortly after he was elected to the House of Commons in 1937, was presented to Mr. Mayhew by Carey Martin, son of the late Chief Justice, at the annual meeting of Victoria Liberal Association Thursday.

Mr. Martin explained he had been going through some of his father's papers and came across the commission, stamped with the Great Seal of Canada and signed

by Sir Lyman Duff, on behalf of Governor-General Lord Tweedsmuir, who was away at the time. Mr. Mayhew, because of illness, was unable to attend the 1938 session of the House, when he would ordinarily have been sworn in, so the ceremony was arranged for Victoria. It took place in the Court House here and Mr. Mayhew, in thanking Mr. Martin, recalled he had used a quill pen, which was later presented to him by Chief Justice Martin. He said the quill and the parchment would go well together among his souvenirs.

Airmen Go Overseas

Sgt. Pilot Ted S. Forbes, R.C.A.F., has arrived overseas, according to word received by his parents, Mr. and Mrs. Theo Forbes, Sidney. He joined the air force in 1942 and gained his wings last September at Duxford, Man. He was prominent in the Boy Scout movement.

LAC. Donald B. Johnston, R.C.A.F., son of Mr. and Mrs. J. Johnston, 1320 Dallas Road, has arrived in England. He joined up in 1941 following a pre-enlistment course and was stationed in Alaska before going overseas.

City police Thursday and today recovered two bicycles which were believed to have been stolen.

No Shipyard Control Over Wartime Houses

Shipyard management has no right to, and does not interfere with management of Wartime Houses, relations between the administration and tenants or lease termination, a statement issued by H. W. Davey, chairman of the local advisory committee, Wartime Housing, said today.

The statement was issued in explanation of the administration of the houses in view of protest by the Victoria and District Council over alleged discrimination. The accommodation is provided only for Yarrow or V.M.D. workers who are brought from out-of-town locations, and is covered by a lease which can be terminated on three days' notice, Mr. Davey explained. That termination clause is required to make accommodation available for men replacing any withdrawing from the shipyard field, provided such replacements came from outside the district.

Houses are allocated on the recommendation of the personnel manager of Yarrow, or the V.M.D., but administration is at all times in the hands of the administrator, and neither shipyard executives control over tenancy. Tenants leaving the shipyards are given a reasonable notice, varied with the circumstances and sufficient to meet the reasonable requirements of the tenant, the statement said, adding vacation in three days has never been insisted upon, except in one case, where immorality was involved.

To date no complaint over discrimination has been received by Wartime Housing here, and information on any suggested discrimination would be welcomed, Mr. Davey said.

The three-day notice-to-vacate clause is justified by the committee as an essential to provide needed accommodation for war workers, although it has not been enforced, the statement continues.

Leases are drawn in accordance with the laws of B.C., but rent control regulations are specifically excepted, it closes.

Boeing Workers Form Social Club

Following the lead of the larger organization in Vancouver and realizing the necessity of various forms of recreation, the personnel of Boeing Aircraft of Canada Ltd. have organized a Victoria branch of the Boeing Social and Athletic Club.

A temporary slate of officers has been selected to conduct affairs of the club until the general election is held. It will be the duty of the officers to maintain a high standard of recreation desired by the general membership. First big affair to be undertaken by the club will be a dance to be held at the Crystal Garden Dec. 14. Half of the proceeds of this annual dance will go to the Navy League of Canada.

The club will organize winter and summer recreational activities such as skating, roller skating, skiing, swimming and bowling for the winter months, and golfing, tennis, fishing, bicycle rides, outings, etc., for the summer months. It is also hoped that in the near future the club will be able to co-operate with other organizations of this type in war industries in putting on co-operative affairs.

Navy Week Next

It'll be Navy Week in Victoria next week. Navy church parties parading through downtown streets to service Sunday morning will mark the start of the annual observance.

From H.M.C.S. Naden a group of sailors will parade to Christ Church Cathedral. No. 1 and No. 2 detachments of Rainbow Sea Cadets will march to First United Church for morning service after which the cadets will be reviewed by Cmdr. R. P. Kingscote, who will take the salute opposite Spencer's on Douglas Street.

Senator Lambert Here For Son's Wedding

Senator Norman P. Lambert came to Victoria from Ottawa Thursday for the marriage of his son, Lieut. (E.) Donald Platt Lambert, R.C.N.V.R., to Miss Doreen Edwards of this city.

Senator Lambert, who is a frequent visitor here, is a former newspaperman who left that profession to go into politics. For a decade he was a staff writer on the Toronto Globe.

In 1932 he became secretary of the National Liberal Federation and three years later assumed the presidency.

January 20, 1938, he was summoned to the Canadian Senate.

W. L. Currier, Dominion assistant commissioner for training for the Boy Scouts, will address a meeting of the executive committee scouts, patrol leaders and others interested in the local scouts, tonight at 8 at scout headquarters, 1034 Johnson Street.

Island Men Wounded

Pte. James Magill, Victoria, is listed as dangerously wounded in the 362nd Canadian Active Army overseas casualty list.

His wife, Mrs. Jennie Magill, is employed as a welder at the V.M.D. and resides with her sister at 301 Kingston Street. Pte. Magill's home town is Saskatoon. Also listed as wounded is Acting Lt. Harry Stolzenberg, whose mother, Mrs. Christina Stolzenberg, makes her home at Cumberland.

Wandering Swan Returned to Park

Wings clipped, Victoria's wandering swan was back in his Beacon Hill Park pond this week following meanderings over a wide area of the waterfront.

The swan left Goodacre Lake last week, flew to the waterfront and proceeded through forbidden naval territory to swim outside Yarrow's Ltd. City parks employees sought it there but the bird had left and was next reported at Parson's Bridge.

It departed before it could be taken and made its way to the Inner Harbor, proceeding up the Gorge to Austin Avenue, where it was feeding from the hands of children when W. H. Warren, parks superintendent, finally caught it. The swan lost its mate at Beacon Hill early this year.

Baby Death Rate Lowest Now in B.C.

British Columbia's infant mortality rate has been cut to 38 per 1,000, lowest in Canada. Fifteen years ago it was 58.

Alberta is also down to 38 per 1,000 rate, from 85 in 1926.

The figures, which cover deaths of children under one year of age, were released today by the Dominion Bureau of Statistics. They show the Dominion infant mortality average now reduced to 54 per 1,000, lowest ever achieved, compared with 102 in 1926, 90 in 1928, 85 in 1931 and 76 in 1937.

The report says reduction in the rate is due to improvements in hospitalization, health education and other provincial and municipal public health services, together with improved home facilities for care of the new-born.

New Brunswick's 77 is now the highest infant mortality rate in Canada, but in 1926 its rate was 106. Quebec is second highest with 70, against 142 in 1926. Rates for other provinces, with 1926 rates in brackets, are: Nova Scotia, 58 (80); Manitoba, 51 (77); Prince Edward Island, 50 (70); Saskatchewan, 43 (81); Ontario, 40 (78).

Rehabilitation Council Meets Here Next Week

B.C. Postwar Rehabilitation Council will meet at the Parliament Buildings Monday and Tuesday, Hon. H. G. T. Perry, Minister of Education and council chairman, said today.

No new business is planned, Mr. Perry said, and it is not anticipated a further report will be presented to the Legislature. The council's first report, embodying many recommendations for postwar rehabilitation was presented to the House at the last session.

Mr. Perry said all members of the council are expected to attend. The council is composed of Mrs. Nancy Hodges, Mrs. Dorothy Stevens, Mrs. Billy Rolston, W. T. Strath, E. T. Kenney, J. A. Paton, W. A. C. Bennett, Harold Winch and Grant MacNeill.

Pleading guilty in city court Thursday of making false and fraudulent entries in a return on last March 13, with intent to evade payment of sales tax, W. R. Gibbons was fined \$100 and \$21.44, double the amount of the tax shortage. H. A. Beckwith prosecuted.

TOWN TOPICS

C. Dickson, 2629 Wark Street, complained to city police Thursday night of boys having pulled down his fence.

A permit for a \$4,000 five-room single-family home at 345 Chester Street, was issued by the city building inspector's department today to J. H. Russell.

Joseph Weyder was fined \$5 in city court today on having been found guilty by Magistrate H. C. Hall on a charge of failing to attend militia parade.

His bicycle wrecked, E. Hughes, 1534 Vining Street, escaped injury at 4:05, Thursday afternoon, in collision with an automobile backing from the curb in the 500 block, Cormorant Street.

An attempt to destroy mail was reported to police Thursday afternoon by a mail collector, who found a quantity of burned paper in the mail box at Cook and Oxford Streets. The report said, however, lack of air prevented letters from taking fire.

H. Keith Ealston, eldest son of Mr. and Mrs. H. W. Ealston, 1256 Acton Street, graduate of U.B.C. in 1942, recently graduated as sub-lieutenant in the Canadian navy. He joined the navy in 1942 and trained at H.M.C.S. Cornwallis and H.M.C.S. King's, Halifax. He is now in H.M.C.M.L. division and based at Sydney, N.S.

Conditional approval was given by city zoning board of appeal Thursday to Andrew Murdoch's application to convert 1041 St. Charles into a six-suite apartment. Also authorized were repairs to Mrs. B. de Macedo's dwelling at 1037 Johnson and plans and specifications of Mr. and Mrs. Peter Reid to convert 806 Linden into a two-family home.

Walks 40 Miles On 85th Birthday

Rev. W. W. Bolton, former headmaster at University School here, now living in Tahiti, in the South Pacific, has just celebrated his 85th birthday by walking 40 miles. Normally, he takes 20-mile jaunts under a tropical sun as a way of keeping fit. He was the Cambridge track Blue of 1876-77.

News of Mr. Bolton comes from L. Crabtree, 2066- Marne Street, along with a reprint of a letter from Mr. Bolton telling how he did it.

"I called a meeting of 'members,' Messrs. Heart, Lungs, Legs and Innards," Bolton writes, "and asked if they felt able to tackle the double distance and carry me like a Chinese mandarin, just 40 miles. They were unanimous they could and they did."

"From an early start, 3 a.m., I reached the bungalow of a fellow Englishman, 20 miles away at 10 a.m. After a short snack, no heavy meal, I headed back and reached home at 6 p.m. "I was bound to congratulate my 'members' on their stamina, and felt that 'their' record at 85 of 40 miles in 15 hours should stand to 'their' credit for keeps. Beyond that 'they' might be game to go, but I have ever refused to put the strain on them."

Mr. Bolton inquired of old friends, especially his Oxford compeer, Lord Desborough.

1st Communique

NEW DELHI (AP)—Admiral Lord Louis Mountbatten now has taken charge as supreme commander of the Southeast Asia command and the first communique was issued today from his Allied headquarters reciting several sorties by U.S. and R.A.F. planes over Burma during the last week.

It was learned, however, that his taking over here was more or less of a technicality. It will be some time before the organization of his command is complete and an additional period must elapse before large-scale operations begin.

Peta Drafts Constitution; Nazis Bar Him From Air

By THOMAS F. HAWKINS BERNE (AP)—Marshal Petaín has drafted a new French constitution along democratic lines which the Nazis have prevented him from promulgating, and has renounced Pierre Laval as his successor in a decree also hushed up, it was disclosed today.

The 87-year-old Chief of State's abrupt turn from German domination, which he had previously declared honor bound to follow because of the 1940 peace treaty, was revealed in the publication of a speech he was not permitted to deliver.

Petaín had named Nazi-collaborationist Laval as his successor on Nov. 17, 1942, and given him power to make laws and issue decrees after German troops crossed the armistice demarcation line into Vichy French territory.

In the unpublished decree directing France back to the democratic constitution of 1875, Marshal Petaín stated his intention of retaining powers as Chief of State until his death, unless the new constitution he drafted is ratified.

IMPROVEMENTS

It is known privately that the constitution intended to restore a democratic regime with hoped-for improvement over the 1875 legislation. By its ponderous wording, the old constitution made possible, its critics contended, turnover after turnover of French cabinets and thereby contributed to French inefficiency and unpreparedness for the war which came in 1939.

The 1875 constitution established the Third Republic with a parliamentary and democratic form of government, which endured until the collapse of France in 1940 when Petaín set up an authoritarian regime.

The refusal to broadcast Petaín's speech over the Vichy radio and the failure of his decree to appear in the official gazette has created a crisis.

The marshal, according to a reliable informant, in which this writer has confidence, has sent his resignation to the cabinet. Laval and his advisers continued today their efforts to change his mind, and although the result cannot be foreseen, Petaín at least has thrown down the challenge.

The text of the address he had prepared for delivery was published in the Swiss Journal de Geneve today.

NO EXCUSE

(French) Spanish border reports reaching Madrid said the Nazis were making frantic preparations to take over if the Vichy government collapses. The aged marshal has adamantly refused to tell the French people that he has "asked" German police and the military to keep order in the nation, thereby denying the Nazis an excuse for rushing troops to Vichy, these reports said.

The Journal said authorization for broadcast of the speech "had been refused by the Fuehrer's general headquarters."

"The marshal is in perfect health, but is discontented," the newspaper said. It was learned privately that Petaín hoped to turn the country to democracy and a stable government that would stand during an Allied invasion and could establish itself as the nation's legitimate government superior to that of Gen. Charles de Gaulle's Committee of National Liberation.

The marshal was pictured as distressed by the committee's disputes and convinced Frenchmen within France must save the nation.

John Noble, charged in Saanich court Thursday with failing to report an accident, was fined \$15.

At Fletchers

By the Album

Here you may select from hundreds of Victor Albums of the world's finest Musical Recordings. "Smart Set Albums," including everything from "Moulin' Love" by Lena Horne, to a Duke Ellington repertoire of 4 Records at \$3.50. And in Classical Collections the recordings of all the great masters from Bach to Weber.

QUEEN CITY CHAPTER No. 1, O.E.S. Members are requested to assemble at Hayward's Funeral Parlors at 3 p.m. Saturday, Nov. 20, to attend the funeral of the late Sister Margaret E. Davidson, life member. Members of sister chapters are invited to attend.

ISABELLA MOWAT, Secretary.

'Jerry' Heads Home

Cpl. Jerry Gosley, R.A.F., who has made a place for himself in the entertainment life of Victoria in the last two years and was star of the R.A.F.'s Smile Show at the Royal Victoria Theatre Tuesday night, left today on the first lap of his return journey to England.

Arriving here in September, 1941, when the R.A.F. base at Patricia Bay was still under construction, Cpl. Gosley soon after originated the Smile Shows of which he was producer. He also helped establish the Patricia, R.A.F. magazine and has been co-editor.

Jerry as he became known to thousands of Victorians was one of the first R.A.F. lads to visit Hollywood on leave and began the mounting trek of English airmen to California for fun-lough. Twice during his visits to Hollywood he was the guest of Ray Noble, English orchestra leader. He starred with the R.A.F. show also in Seattle and Tacoma.

Nazis Claim Islands

LONDON (AP)—The occupation of three more small islands in the Aegean—Ikaria, Lipso and Patmos—was claimed by the Germans today as a sequel to the loss by the British of Leros in the stepping stone battle of the eastern Mediterranean.

Reconstruction Hearings
 OTTAWA (CP)—J. G. Turgeon, Liberal M.P. for Carleton Place, and chairman of the House of Commons reconstruction committee, has announced arrangements for committee hearings opening next week.

Representatives of the standard railway brotherhoods will be heard Wednesday and of the Canadian Construction Association Thursday.

Premier E. C. Manning, and Lands Minister N. E. Tanner will present the reconstruction views of Alberta Friday, while a brief prepared by the Canadian Federation of Mayors and Municipalities will be presented Saturday.

Big Liberal Rally Pledges Loyalty to King and Hart

Victoria Liberal Association at its annual meeting Thursday re-elected officers, passed resolutions of loyalty to Prime Minister Mackenzie King, Premier John Hart, Hon. Ian Mackenzie, R. W. Mayhew, M.P., and heard addresses from Premier Hart, Mrs. Nancy Hodges, M.L.A.; W. T. Straith, M.L.A., and Mr. Mayhew.

Officers were re-elected as follows: President, H. W. Davey; vice-president, Cecil Parrott; secretary, Arthur H. Cox; treasurer, Earl Pollock. Executive will be chosen from the wards. Re-elected honorary presidents were Prime Minister Mackenzie King, Premier Hart, Hon. Ian Mackenzie and R. W. Mayhew.

MR. STRAITH

Mr. Straith told of the need for transportation facilities that will face B.C. when the war ends. He said there must be rail and road links with the Peace River country, for the people up there want to be citizens of B.C.; now they are forced to be adjuncts of Alberta and economically they are part of Alberta.

He said there must be a road link between Victoria and Port Renfrew, for there will be a large pulp industry there in years to come. He said if the work could be done as quickly as the Alaska Highway was built it would take only two days to make the through connection from the end of the present road to Port Renfrew—16 miles.

MRS. HODGES

Mrs. Hodges told of a recent visit she paid to the Workmen's Compensation Rehabilitation Clinic in Vancouver, which she said is doing a magnificent job, treating 450 patients a day.

She said B.C.'s labor legislation is watched all across Canada, that to hear the C.C.F. talk one might think there was no labor legislation until they came along, whereas much labor legislation had been introduced in this province long before the C.C.F. was ever heard of.

"We are so much in the vanguard of social and labor legislation—I hope we can live to see the day when all Canada can have the same minimum wage laws we have," she said.

MR. MAYHEW

Mr. Mayhew said he does not believe most people in Canada want an election at this time. He said he does not believe there will be an election as long as the floor of the House of Commons is not used as a political battleground. He said that sooner or later Canada will have to decide if it wants a Socialist government or not—whether free enterprise is to be thrown over entirely or not.

Coldwell Criticizes Gov't. Farm Policy

NORTH BATTLEFORD, Sask. (CP)—M. J. Coldwell, national leader of the C.C.F., criticized the federal government's agricultural policy and asserted in a public address here Thursday night that "Canada has no plan for the solution of its postwar problems."

He said Canada "cannot make a plan and leave the resources in the hands of private bankers and industrialists."

The Canadian government never had an agricultural policy, he asserted. "It was unintelligent to tell our people to grow less wheat and help win the war when we had steel and concrete to build bins," he said.

The C.C.F. member of Parliament for Rosetown-Biggar said that every kernel of wheat that could be found would be needed to feed the starving nations.

Speaking of the recent reduction in the bacon contract with the British government, he said "it does not make sense."

Mr. Coldwell also said that conditions on farms "are a disgrace" in a country so richly endowed with electrical power.

"I notice," he said, "Mr. Bracken (Progressive Conservative national leader) is urging electrification on the farms. This lends itself best to control by the provinces. What did Mr. Bracken do in Manitoba? He handed over the greatest power resources in the province, except one, to private interests."

Time for Countries To Determine Futures

MOSCOW (AP)—The Soviet attitude toward the postwar status of small European states was set forth Thursday by Izvestia. The government newspaper called for a transition period to give these countries time to determine their own futures, and strongly opposed any federation of these countries against Russia.

The authoritative article disclosed that the Soviet point of view was placed before the recent conference of foreign ministers here and met no objections from Britain and the United States.

Hunter Loses Leg

A former B.C. Police officer, Gordon Nicol, Home Oil agent at Kamloops, was shot in the right leg below the knee while hunting at nearby Brigade Lake Wednesday, B.C. Police headquarters here learned in a radio message Thursday.

2 WAYS TO MAKE PRECIOUS JELL-O and JELL-O PUDDINGS Go Further

UNFORTUNATELY, due to wartime conditions, no housewife is getting all the Jell-O and Jell-O Puddings she would like to get. But when you are able to get either, you are sure of satisfaction. Use them carefully and make them go as far as possible. Here are two ideas to help you.

JELL-O CUBES WITH CUSTARD
 2 cups hot water
 1 cup custard sauce
 1 package JELL-O (Strawberry, Raspberry or Cherry)

Dissolve Jell-O in hot water. Turn into shallow pan. Chill until firm. Cut in cubes. Pile cubes lightly in sherbert or parfait glasses. Pour custard sauce over the cubes of shimmering Jell-O. Serves 6 to 8.

Easy, isn't it? And here's an idea for Jell-O Puddings:

JELL-O TRIFLE
 1 package JELL-O PUDDING (any flavor, but vanilla is specially good)
 6 or 7 squares plain cake
 Home-made jam

Prepare Jell-O Pudding as directed on the package. Spread top of each square of cake with jam. Place squares of cake in individual dessert dishes. When pudding is cool, pour over cake and chill.

This recipe gives 6 or 7 servings of as delightful a dessert as you ever tasted. You can thank the unvarying quality of Jell-O Puddings for that full, rich flavor—that smooth, creamy consistency.

TO PREMIER HART
 The resolution of loyalty to Premier Hart was moved by Geo. Bullock.

The resolution follows:
 "Whereas the government of the province of British Columbia under Premier John Hart has shown real leadership during the most exacting period in Canada's history;
 "Whereas the government on behalf of the people of this province has enacted forward looking legislation designed to better conditions generally in respect to social welfare, labor, and living standards;
 "Whereas the financial position of this province has been greatly strengthened by the policies carried out by the Premier as Minister of Finance;
 "Whereas real vision has been shown in preparing sound measures for the postwar reconstruction period;
 "And whereas British Columbia has enjoyed excellent administration during his term of office;
 "Therefore be it resolved that this annual meeting of the Victoria Liberal Association go on record as expressing its wholehearted approval of the policies enunciated by the Premier of this province and pledge their loyal support to Premier John Hart in the responsible position he now holds."

Mrs. J. L. Gates moved the resolution of loyalty to Mr. Mayhew. It said Mr. Mayhew's sincerity and untiring efforts are deeply appreciated, and that the meeting appreciates "the work he has carried out on behalf of the citizens of Victoria, and express to him their deep sense of loyalty in the exacting and important work which he has undertaken and is performing so efficiently."

Resolution of loyalty to Hon. Ian Mackenzie, Minister of Pensions and National Health, was moved by H. E. A. Courtenay.

A mile in England is 1,760 yards, but in Scotland it is 124 yards longer. In Ireland there are 2,240 yards to the mile, and in Italy 1,467. A Spanish mile is 5,028 yards, and when our troops march through Austria they will have to cover 8,296 yards to the mile.

Special Treatment For Crushed Victims

A person trapped in air raid debris which has caused pressure on any part of his body must be regarded as a serious casualty whatever his apparent condition at the time of release, according to the latest training being given to civilian defence workers here.

Special attention to casualties removed from collapsed buildings will be given, following the discovery in Britain that casualties, apparently through functional reaction in the kidneys, usually die five to seven days after release, apparently in good health, from debris which subjected their limbs or other portions of the body to considerable pressure.

The latest British Ministry of Home Security circular says immediately a trapped casualty is located, a doctor, who can give valuable treatment before the victim is released, should be notified. If no doctor is immediately available, report of the trapped casualty should be made to the control centre so a medical officer may be sent to the casualty.

If no doctor is present and only a limb is involved the victim should be given up to four pints of fluid by mouth if there are no signs of internal injury. If available, two level teaspoonfuls of baking soda, or other alkali should be dissolved in each pint of water given the patient. Hot sweet tea or coffee should follow.

As soon as removed from the debris, all casualties should be rushed to hospital by ambulance. The ambulance attendant should be given full information about the nature of the injury.

H. S. Pringle Again Heads Loyalists

H. S. Pringle was re-elected president of the United Empire Loyalists' Association at the annual meeting Thursday afternoon at the Y.W.C.A., following a lecture on "Loyalist Foundations in Ontario" delivered by Rev. J. L. W. McLean.

Vice-president of the historical organization for the coming year will be Roy Manzer. Other officers elected were Mrs. M. Bornstelt, corresponding secretary; Mrs. R. L. MacLeod, recording secretary; Mrs. J. L. Howard, treasurer; Miss Ethel Alford, genealogist, and Rev. J. L. W. McLean, chaplain.

Proceeds arising from a garden party at the home of Mrs. David Dolg enabled the society to donate \$100 to the Queen's Canadian Fund, it was reported.

Assisting in welcoming guests were Mrs. H. D. Brumpton, Mrs. O. D. Wilson, Mrs. R. W. Shannon, Mrs. R. L. MacLeod, Mrs. J. H. Mullard and Mrs. Bjornstelt.

Executive committee members are Mrs. David Dolg, Mrs. A. N. Mouat, Mrs. R. W. Shannon, Mrs. Olive Dettlor Wilson, Mrs. G. S. Ap'John, Yardley, Mrs. Mullard and F. E. Winslow, G. Hamilton Harman, J. H. Taber, N. F. Ferris and C. B. Winter.

Ex-Soldier On Draft Charge

A man who said he had joined the army the day after the outbreak of war, been discharged following January, and then reported three times for army medicals, but had been turned down by army doctors, appeared in Saanich police court Thursday afternoon on a draft evasion charge.

On hearing the evidence of the accused, Magistrate Hall suggested the case be remanded until next Thursday.

"It is, apparently, just a matter of straightening out the records," he said.

B.C. Electric Action Commended By Liberals

Victoria Liberal Association, at its annual meeting Thursday, by resolution commended the B.C. government for its part in bringing about free electricity in Greater Victoria for two months.

The resolution, moved by T. A. Johnston, follows: "Whereas the recent order of the Public Utilities Commission in granting to consumers of the B.C. Electric a reduction in rates through the medium of non-billing, constitutes a further indication of the government's determination to protect the interests of the people.

"And whereas the report of the commission indicates that further study will be given to this subject, with a view to bringing about a revision of rates, should circumstances warrant in more normal times.

"Therefore be it resolved that this annual meeting record its commendation of the government's action in, not only setting up the Public Utilities Commission, but in promulgating the orders recommended by the commission in its report."

Metropolitan—A mystery trip to the C.P.R. power plant and laundry was made when Stan Renshaw showed the group through the plant. Members returned to the church for refreshments served by Bette Marr and Mary Neilson. New members present were Sunny Sansom, Grace Adams, John Lovesth, Jack Hartman, Eddie Powell, Ernest Wonko, Charles Elliott and Frank Perkins. Plans were discussed for the Christmas entertainment and for the fellowship hour, Nov. 21. Next meeting will be Tuesday at 8, at the church. Osborne Doak will be in charge.

Successful use of a thyroid-depressing drug, thioracil, in treatment of nine cases of thyrotoxicosis, a disease caused by overactivity of the thyroid gland, is reported from Harvard Medical School.

Anti-Jew Tracts Held Responsible For Boston Outbreaks

BOSTON (AP)—Belief that there was widespread, organized distribution of anti-Semitic pamphlets was voiced by Massachusetts Public Safety Commissioner John F. Stokes in a report on "Boston anti-Jewish disturbances made public today. He asserted such distribution "should be dealt with immediately."

Stokes, reporting on an investigation of 40 instances of assault, insult, or property damage since Jan. 1, 1942, said "the assaults and the utterances could not be proven to be of organized anti-Semitic origin," but added, "however, the widespread dissemination of anti-Semitic literature, I believe, is organized." He recommended to Governor Leverett Saltonstall and an advisory committee dealing with racial troubles that prompt steps be taken to deal with the situation.

Blame for growing number of attacks on Jews in sections of Boston was laid on faulty police work in those areas.

Rumanians Clamor For Neutral Visas

BERNE (AP)—Thousands of Rumanians are crowding neutral consulates seeking visas to go abroad as a result of tensions created by the nearness of Russia's armies, the revival of a dispute with Hungary and increasing indications of a government crisis.

A Bucharest dispatch to the Gazette de Lausanne said 30,000 persons had asked visas to Turkey, and 35,000 to Switzerland.

Refugees from the north streamed into the capital from areas threatened by the Russian army's advances west of Kiev.

Rumors of a government change slanted more toward a "democratic regime" have increased, the dispatch said.

The Budapest correspondent of the Gazette spoke of reports of a concentration of several Rumanian divisions on the border of Transylvania, the wedge-shaped territory awarded to Hungary in 1940 by Hitler and Mussolini.

Long Time Needed To Crush Japan

MELBOURNE (CP)—A long delay between the end of the war in Europe and the concentration of Allied might to crush Japan was forecast today by Maj. Gen. R. H. Dewing, chief of the British-Australian army liaison staff.

"If time has been necessary for the concentration of Allied forces for the second front in Europe and the North African campaign," he said in a speech, "even more will be needed to move major forces from the European theatre to the Far East."

The only hope Germany and Japan have for victory, Gen. Dewing said, is through undue prolongation of the war and growth of discord and lassitude among the Allies.

TEETH CLEAN BRIGHTER when cleansed with POWDER and WATER

Before teeth can be lustriously bright they must be clean. And in the whole field of cleansers, there is none more effective than the simple combination of powder and water.

So try Dr. Lyon's Tooth Powder, using it daily on a moist brush. Note instantly how much brighter your teeth look. Dr. Lyon's—Canada's leading tooth powder—is all powder, all cleanser. No acid or pumice, nothing to injure tooth enamel. Matched for price, it outlasts tooth paste two-to-one. Get Dr. Lyon's Tooth Powder at any drugstore. No empty tube needed.

NATIONAL SELECTIVE SERVICE Seventh Compulsory Employment Transfer Order

NOTICE TO CERTAIN EMPLOYERS AND EMPLOYEES

Notice is hereby given that male employees in certain specified lines of civilian employment, who are at least 16 years old and not yet 41 years old, or who later reach age 16, must report for interview not later than December 1st, 1943, to an Employment and Selective Service Office.

- A. OBJECTIVE:**
- The Order makes available for more essential work the services of certain men who are presently employed in specified employments.
- B. EMPLOYMENTS COVERED BY THIS ORDER:**
- Men, of the specified categories, are covered if now employed in:
1. The underwriting, selling, broking or administering of policies of insurance of any and every kind, including but not restricted to life, fire, accident, sickness, automobile, marine and general insurance.
 2. (a) Short term credit companies including but not restricted to establishments engaged in sales financing, industrial credit, money lending and pawn-broking; (b) The managing or supervising of the investment of bonds, stocks and securities, including establishments engaged in investment trust and investment advising; (c) Trust Companies; mortgage companies, establishments engaged in investment and loan business, including bond houses, financial agencies, stock exchanges and grain exchanges.
 3. Real Estate (Finance and Operation).
 4. Travel Agencies.
 5. (a) Year-Round Hotels (Employees of Year-Round Hotels in the following occupations are excepted from the requirements of this Order:—skilled mechanical maintenance men, stationary engineers, chief chef, laundry washmen and extractor operators, engineer-firemen and hotel manager); (b) Seasonal hotels; rooming and boarding houses; auto courts and tourist camps; organization hotels and lodging houses.
 6. The manufacturing of millinery, bedspreads, trimmings and embroideries.
 7. The manufacturing of academic caps and gowns, vestments, theatrical costumes and masquerade costumes, commercial uniforms.
 8. Establishments primarily engaged in washing and polishing automobiles.
- C. MEN COVERED BY THIS ORDER:**
- (a) Every man at least 16 years old, who has not yet reached age 41, regardless of marital status.
 - (b) Every young man later reaching age 16.
- D. PROCEDURE TO BE FOLLOWED:**
- All men as defined above must report to an Employment and Selective Service Office not later than December 1st, 1943, by mail if too far removed to call personally.
- E. OBLIGATIONS OF EMPLOYEES:**
- When directed to accept employment, subsequent to interview, men described in Paragraphs B and C are required to follow the direction given.
- F. OBLIGATIONS OF EMPLOYERS:**
- It will be illegal for an employer to retain in his employ after December 1st, 1943, any men referred to in Paragraph C; at any of the employments set forth in Paragraph B, unless under special permit.
- G. APPEALS:**
- If directed to transfer to employment subsequent to interview, a man may, if he objects, enter appeal with a Court of Referees, within 7 days of receiving such direction.
- H. PENALTIES:**
- Penalties are provided for failure to comply with this Order.
- I. SPECIAL REQUEST TO EMPLOYERS:**
- Employers are requested to arrange with Local Office for the interview of their employees.
- J. AUTHORITY:**
- This Order is issued under authority conferred on the Minister of Labour by National Selective Service Civilian Regulations (P.C. 246 of January 19th, 1943, and amending Orders in Council).

Men referred to above must present documents at the employment office, indicating compliance with Mobilization Regulations
